TOKIO'S ATTITUDE MORE FAVORABLE

Reassuring Advices from Japanese Officials Received at Washington

WAR TALK IS DISCOURAGED

Hope Expressed That Acute Stage in Negotiations Has Passed—Japan's Next Move Awaited With Keen Interest

Washington, May 21.—Reassuring advices reached the State Department from Japan late today, indicating that the American reply to the protest against the California land law was received in good spirit by the Tokio government, and that the situation has taken on a much more favorable appearance than at any time since negotiations began. Officials here admitted their satisfaction over the turn of events.

The dispatches related also that the Japanese government realized fully the difficulties under which the Washington administration had labored in handling the situation, understanding the dual system of government in the United States and the powers of legislation held by California.

Today's advices were of a preliminary character and made no prediction of ensuing steps, but in general they reflected a favorable view in Tokio of the American note replying to Japan's protest.

The Answer Complimentary

President Wilson, who had no small part in the writing of the note, is said to have described in most complimentary terms what he believed to be the real feeling of the majority of the American people toward Japan. The communication, it is said, pointed to California and only a part of California, too, as having given evidence of a discriminatory disposition and insisted that the United States as a whole admired the progress that Japan had made in the last half century, respected the achievements of the Japanese people, and was sincerely anxious to show that it regarded Japan on a basis of equality with all other powers and nations.

The note was about 1,000 words long and dealt chiefly with the spirit of the American people toward Japan, making little reference, it is understood, to the technicalities of the new law, or the treaty but discussing Japan's contention that the California agitation was in reality an act of unfriendliness and discrimination toward the Japanese.

Officials here were not in the least opposed to publication of the document, but decision on this point was left with the Tokio government.

While the situation tonight was regarded as satisfactory in official quarters the Japanese answer was awaited with keen interest.

Officials generally, however, were inclined to hope that the acute stage in the negotiations had passed.

President Wilson today sent for Representative Sisson, of Mississippi, and urged him not to make any speech that would offend the sensibilities of Japan. Mr. Sisson who recently made a "war speech" had given notice of his intention to speak in the House Friday on the legal phases of the Japanese alien land question. He had a 20 minutes' conference with the President during which, however, he assured Mr. Wilson that he would not discuss the pending negotiations or touch on anything of an incendiary character, limiting himself to an argument on alien land ownership.

That was the White House version of the conference, though Mr. Sisson himself declined to make any comment, declaring merely that he would speak Friday.

The President Anxious

The President is known to be anxious about discussion in Congress at this stage of the Japanese question, especially involving any observations on racial discrimination.

It is indicated at the White House that the American note, just sent, and the tenor of future exchanges, will be to assure Japan that the majority of Americans have a genuine respect and admiration for the achievements and character of her people. Public expressions that might give an opposition impression are regarded at the White House, particularly at this time, as seriously embarrassing the negotiations between the State Department and the Japanese ambassador.

Japan Studying the Reply

Tokio, May 21.—The Japanese foreign office is studying the reply of the United States government to its protest in regard to the California land ownership legislation. It declares that by agreement with Washington the document will not be made public. The officials make no comment on the subject.

The Japanese public apparently is waiting for information before expressing its opinion on the American reply. In the meantime, the press reiterates that the question goes deeper than the ownership of land or making of treaties, and that it is racial discrimination which must be wiped out by mutual education and understanding and the fusion of ideas.

The Various Views

Ichiro Tokutomi, editor of the Kokumin Shimbun, writes:

"The loyalty of Japan should join forces with the liberality of America. By this means the Pacific would nobly justify its name."

On the other hand much interest is attributed to the formation of a new patriotic association by Count Shigenoro Uesugi and other scholars "for the maintenance of Japanese individuality."

The founders declare that some of the people are intoxicated with Western civilization to such an extent that they are apt to forget their nationality and introduce dangerous thoughts into the minds of the people and interpret patriotism in a different way from that prevailing among their ancestors.

In some quarters it is alleged that this organization is a political one masquerading under the guise of patriotism, and that it has been created to fight the battle of bureaucracy against the encroachments of the growing democracy.

TRIAL OF ALLEGED DYNAMITERS

Library of Congress

Dynamite Co... In Connection With Textile St... of 1912 Being Revealed in Sensational Testimony of Witness

Boston, May 21.—Something of what went on behind the scenes in the city of Lawrence during the great textile strike of 1912, was revealed today at the dynamite conspiracy trial of Resident William F. Wood, of the American Woolen Company; Frederick Attauex and Dennis J. Collins, by John J. Breen, convicted and confessed "planter" of dynamite.

Breen's story of his activity on behalf of both strikers and mill owners culminated in a declaration that he had refused to accept $7,000 from Attauex's attorney, Daniel H. Coakley, the lawyer who was cross-examining him.

Testimony previously introduced was that eight persons who had been arrested when dynamite was found in buildings occupied by them at Lawrence had later brought damage suits against Breen who had "planted" the explosives.

Breen testified that he had gone to Atteaux to get $13,000, after his own counsel had told him that all the suits could be settled for $12,000. He denied he knew the damage suits could be settled at a lower figure when he was endeavoring to induce Atteaux to pay him $13,000. Breen finally said that he had refused an offer of $7,000 from Coakley himself because he would not agree to the terms.

Asked by Coakley what the terms were, Breen replied: "You told me to put most of it in my pocket and settle with the slobs as cheap as I could. I did not want that kind of money and rejected the offer.

Breen said Atteaux had engaged him to plant the dynamite and had arranged with Ernest R. Pittman, the Andover builder, who committed suicide when the grand jury began investigating the alleged conspiracy, to furnish the explosive.

Mr. Wood's name was mentioned only once, and that was when Breen said he asked Atteaux if the mill president knew anything about the matter Atteaux replied that he did not.

Of the five persons who have figured prominently in the alleged conspiracy only two are on trial. Breen was convicted last May; Pittman took his own life, and Collins turned State's evidence yesterday, although in his testimony he implicated neither Wood nor Atteaux. His story of the part he played in the affair related wholly to his associations with Breen.

Breen told in detail today of his acquaintance with Atteaux and said that at the witness' suggestion that the strikers be fought with their own weapons, Atteaux had engaged him to "plant" the dynamite, paying him $700 in two installments. He described his movements on January 19th, 1912, when the dynamite was hidden, his story in the main corroborating the testimony already given by Collins.

Breen's activities in connection with the strike were due, he said, to pride in his city and a desire to benefit the operatives.

Under cross-examination the witness could not recall whether or not he had said that his father's estate owned $20,000 worth of American Woolen Company stock, but admitted that if he had made such a statement it was untrue.

The cross-examination of Breen will be continued tomorrow. Breen said in January, 1912, the month of the textile strike, he met Atteaux at the latter's office in response to a telephone request.

"The next time I saw him was on January 19th. I went to report the condition of things to him. I said affairs at the mills were getting pretty hot. I added that if I was fighting those fellows, I'd fight them by their own methods."

"What do you mean?" he said, "dynamite?"

"Dynamite or anything else," I said.

"Atteaux said to me: 'You can't do this for nothing.'" I said, "No I will have to hire some one to help me."

"How much do you need?" he asked, "Will $500 be enough?" I told him that would be enough.

"Atteaux then asked me about the police and I told him that Inspector Rooney was a friend of mine, that he never suspected him when I gave him the tip about dynamite."

Breen testified that he met Atteaux in April, and told him he needed more money, his expenses having been heavy. The sum was mentioned by neither man but a few days later Breen received by special delivery an envelope containing four fifty dollar bills. This was delivered to him at his office in Lawrence.

Breen said that he had had a conversation with Atteaux after the dynamite had been placed. "I asked him," said the witness, "if Mr. Wood knew anything about the matter and he said that he did not."

HELD FOR GRAND JURY.

Prominent Georgia Men Bound Over on Assault Charges.

Atlanta, Ga., May 21—Burton Smith, lawyer and brother of United States Senator Hoke Smith; Reuben R. Arnold, prominent member of the Georgia bar, and J. C. Cox were today held for action by the grand jury, have waived trial before a magistrate on assault and battery charges preferred by C. W. Walton and W. K. Byrd. All executed bonds of $300.

Yesterday Smith engaged in a fist fight with Walton and Byrd in the court house corridor and the warrants were issued on complaint of the two latter who alleged that Arnold and Cox assisted Smith. The grand jury is expected to take action soon.

DEATH SHADOWS POISONED BANKER

Wonderful Composure by Unfortunate Victim of Mercury Tablet

COURAGEOUS FIGHT FOR LIFE

Attending Physicians Resign All Hope of Patient's Recovery and Expect the End Hourly—Science Exhausted.

Macon, Ga., May 22.—At an early hour this morning B. Sanders Walker, the local banker, who has made such a remarkable fight for life since swallowing a bichloride of mercury tablet a week ago, was still alive, although physicians expect his death hourly. For the past 48 hours he has been partially under the influence of opiates.

Macon, Ga., May 21.—Displaying in his few conscious moments the same indomnitable courage which has characterized his week's fight with death from poisoning, B. Sanders Walker tonight was expected to die at any moment by his attending physicians.

Battling for life since last Wednesday, when he took a bi-chloride of mercury tablet by mistake, the young banker late today lapsed into unconsciousness for the first time. Since that time he has regained consciousness only at brief intervals. A characteristic utterance made just before he went into a state of partial coma late today illustrates the remarkable composure with which he has faced death.

"If I am dying," he said, "then the sensation is not as unpleasant as it is generally pictured. If this be dying the none need fear its terrors."

Tonight the attending physicians who are said to have exhausted every method of treatment known to medical science in their efforts to stay the hand of death, expressed the belief that Walker could not live more than a few hours. The last official bulletin gave the pulse as 120, his respiration 30 and his temperature normal. At 9 o'clock this morning Walker's pulse was 126, his respiration 31 and his temperature normal.

Interest of specialists and the public generally throughout the country has been aroused by the fortitude with which the young banker has combatted the slow but steady work of the poison. Countless messages conveying sympathy and suggesting methods of treatment have flooded the Walker home.

Despite assurances of the certainty of death as a result of his paralyzed organs, Walker's belief that he would recover was not shaken at a late hour. Repeatedly today he sought to comfort his wife, struggling bravely to bear up under the trying ordeal.

The young banker also displayed keen interest in the conferences held by his physicians and begged his nurse to tell him exactly what conclusions they had reached.

Walker frequently requested, until he became intermittently unconscious, to be permitted to talk with his relatives, practically all of his immediate family having been summoned to the patient's home when he became ill.

Utmost quiet prevails in the vicinity of the Walker home. A few citizens apparently drawn to the house by morbid curiosity, gathered in groups on the sidewalk, but talked in hushed voices. One of the attending physicians tonight made the following statement:

"It is my conviction that Mr. Walker is dying tonight. There has been no hopeful sign, nothing of alleviation noted, and he grows steadily weaker. If he is living by daylight I will be surprised."

Efforts to ascertain the exact treatment Walker is being given tonight were unavailing. The physicians declined to discuss this subject at all. It is understood, however, that they have been in close communication with physicians at the Johns Hopkins Hospital in Baltimore.

CASE CLOSED.

Government Ends Litigation Charging Contempt of Court.

Macon, Ga., May 21.—The government late today closed its case against Col. W. A. Huff, charged with contempt of court, and an alleged attempt to obstruct justice and intimidate United States Judge Emory Speer through alleged threats and criticisms. A motion to dismiss and purge from contempt, filed by the defense, was not sustained by the court.

MINERS STRIKE.

One Thousand Workers in West Virginia Coal Fields Quit Work.

Charleston, W. Va., May 21.—The threatened strike of miners employed in the New River coal field of West Virginia occurred today. One thousand miners, many with their families, have quit their homes and tonight are living in tents furnished by the United Mine Workers of America.

SPECIAL EDITION

Those who desire extra copies of The Star's big special edition to be issued during June should place their orders at once, as very soon now sections of this edition will go to press and it will be impossible to supply extra copies. Orders should be placed TODAY!

SECRETARY TAKES AERIAL TRIP

Josephus Daniels Travels Eight Miles in Flying Craft and Likes the Sensation—Naval Academy Is Inspected

Annapolis, Md., May 21.—Secretary of the Navy Josephus Daniels this afternoon traveled eight miles through the air in a flying boat. "It was delightful; I enjoyed the sensation thoroughly," was the Secretary's reply to an inquiry just after he alighted.

The Secretary went up with Lieutenant John H. Towers, senior officer of the Navy Aviation Corps, whose camp is across the river from the Naval Academy. The flight was made in the flying boat C. I. The air trip was begun at four minutes to 4 o'clock. Eight minutes later the trip was over, and the Secretary after traveling about eight miles at a height of 500 feet, was telling of his experience.

Mr. Daniels came to Annapolis this morning and inspected the buildings and grounds at the Academy. After dining with Superintendent J. H. Gibbons he boarded a navy launch which carried him to the aviation camp. As he passed the battleship Illinois in the stream a salute of 19 guns were fired in his honor. Lieutenant Towers and the other officers of the camp showed the Secretary the long line of hangars in which five flying machines were stabled. When the last was reached, the flying boat was quickly launched, while Mr. Daniels donned an overcoat and stuffed cotton waste into his ears to drown the noise of the engine during the flight. When after signing his name to the official register where all passengers place their signatures, and weights before beginning a trip, he took his seat beside Lieutenant Towers.

Starting from shore, Lieutenant Towers kept his craft on the water for about an eighth of a mile, and then sailed gradually upward and toward the mouth of the Severn river and Chesapeake Bay. After about two miles of steady climbing in this direction a turn was made and the flying boat passed over the camp at a height of about 500 feet. As he sailed over Mr. Daniels waved his hand to the crowd below. A straight flight up the river of about four miles was made and then Lieutenant Towers turned for the trip back and downward, landing just in front of the point from which the start was made.

A four-starred pennant of blue silk made by the sailors at the camp and which flew from one of the standards of the air craft was presented to Mr. Daniels as a souvenir.

When he had landed the Secretary talked of his sensation and mentioned the fact that by flying today after having taken a dive in a submarine boat at Norfolk recently he had gone down and up with the navy.

"I always thought I was a good fellow but never before knew I had such good wings," he said. Asked if the noise of the engines was very loud, he said it was not, but that it was difficult to talk. "A Congressman recently told me that was the case and I then said it would be a good thing to get an aeroplane for every member of Congress if it would make talking difficult for them," he remarked with a laugh. Mrs. Daniels did not cross the river with her husband, but witnessed the flight from the Naval Academy. When he was asked what his wife thought of his taking such risks, the Secretary said: "Oh! she didn't object. She's a better sailor than I, anyway."

As he turned to enter the boat that was to take him back to the Academy, the Secretary said: "Remember, be good here, if you want to fly hereafter."

Lieutenant Commander J. L. Palmer, the Secretary's aide, made a flight with Lieutenant E. L. Smith, in one of the converted biplanes.

CONTEST FOR APPOINTMENT

William L. Sibert Mentioned as Chief of Engineers

Washington, May 21.—The contest for the appointment of a successor to General W. H. Bixby, Chief of Engineers, when he retires next December, began today when Senators Ransdell, of Louisiana, and Johnston, of Alabama, and members of the House from those two States urged the President to promote Lieutenant Colonel William L. Sibert. They declared that Colonel Sibert, as engineer-in-charge of the Atlantic division of the Panama canal and builder of the Gatun Dam, had merited the appointment. The delegation also will call on the Secretary of War tomorrow.

OUTLINES

President Wilson had three conferences yesterday on Currency legislation.

The Senate Finance sub-committee considering the agricultural schedule has determined to equalize livestock and grains in the Underwood tariff bill.

Federal investigation of the coal miner's strike in West Virginia was practically assured yesterday as the result of the action of the Senate Education and Labor Committee's agreement to report on the Kern resolution authorizing an inquiry.

The State Department yesterday received reassuring advices from Japan, indicating that the reply to the protest against the California land ownership law was received in good spirit at Tokio. President Wilson is discouraging "war speeches" in Congress.

The Presbyterians in session at Atlanta decided yesterday that Kansas City will be the place of meeting for the 1914 Assembly of the Southern organization. The next General Assembly of the United Prsebyterian Church will be held in New Castle, Penn. The denomination will erect a Memorial Church at Washington, D. C., at a cost of $40,000.

New York markets: Money on call steady 2 3-4 to 3 per cent; lowest 2 3-4; ruling rate 2 7-8; closing bid 2 3-4; offered at 2 7-8. Flour steady. Corn steady. Rosin quiet. Turpentine easy. Cotton closed steady; middling uplands 12.00; middling gulf 12.25. Sales 2,000 bales.

DEMOCRATS PLAN CHANGE IN TARIFF

May Equalize Live Stock and Grains in Underwood Bill

THE AGRICULTURAL SCHEDULE

Senate Finance Sub-committee Arranges for First Basic Change in Classification of Dutiable and Free-listed Articles

Washington, May 21.—Determination to equalize livestock and grains and their respective products in the Underwood tariff bill has been reached by the Senate Finance sub-committee considering the agricultural schedule. It has been agreed that if cattle, sheep, hogs, wheat and oats are to remain dutiable as the Underwood bill classifies them, then a duty shall be placed upon beef, mutton, pork, wheat, flour and oats, or if these products are to remain on the free list, the raw materials will be converted into the free list.

This is the first basic tariff change to be planned by Senate Democrats since the Underwood bill came from the House. Whether raw materials and their products are to be free-listed or all are to be made dutiable has not been determined, but that all would be treated alike was asserted today by Senator John Sharp Williams, chairman of the sub-committee which has the schedule in hand. The decision to equalize the schedules, it also was reported, had been reached with the knowledge of the President and not without his approval.

When Senator Williams was told of a report in circulation that his committee had decided to put all livestock and grains on the free list in keeping with their products as they are treated in the Underwood bill, he declared there was no ground for such a report. "But," declared the Senator, "there is this much about it. If cattle, sheep and hogs are to remain dutiable in this bill then their products will carry a duty. The same is true of wheat, oats, flour and oatmeal. There will be no discrimination between these raw materials and their products in this bill. But we have not determined whether these shall be dutiable or undutiable.

The fight over this feature of the Underwood bill began in the House and there was considerable Democratic opposition to the free-listing of farm products, while the raw material was left dutiable. Some Democrats predicted during the debate that the Senate would change the schedule, most of them asserting that livestock and grounds would go to the free list.

What ever the sub-committee does in the matter is expected to meet with the approval of the Finance Committee majority. It was learned today that Senator Walsh, of Montana, plans to introduced an amendment in the Senate to put cattle on the free list if the bill is presented without such a change.

The Underwood bill puts a duty of ten per cent ad valorem on all livestock and free lists all fresh meat; a duty of ten cents per bushel on wheat, and oats and free lists wheat flour and oatmeal. Representative Underwood, chairman of the House Ways and Means Committee, when asked about proposed Senate changes today, said that he had heard nothing about them, and that he did not intend to take any part in the tariff consideration until the bill gets to conference.

That there are to be a great many changes in the bill in the Senate was admitted today by Senator Simmons, chairman of the Finance Committee. He announced, however, that next Wednesday, the sub-committee would begin framing the various schedules, and that they hoped to have the bill ready for the Finance Committee by June 1st. The Democratic caucus, he said, would be called for consideration of the bill about June 3rd, and an effort will be made to report it to the Senate the following week. The decision today of the majority members of the Finance Committee to close all private hearings on the bill next Tuesday has not met with Republican approval, and an attack on this plan is looked for in the Senate tomorrow. Senator Simmons insists, however, that the private hearings must be ended by that time so that the committee members can begin re-drafting the bill. The committee decided to print all briefs of manufacturers not heretofore published and to receive briefs until the bill reaches the Senate floor.

Another problem confronting the Democratic leaders is the "anti-dumping clause," in the Underwood bill, which makes no provision for articles on the free list. This clause would assess an additional duty not to exceed 15 per cent on imports sold in this country for less than the foreign price, but it is not made to apply to the free list and some Democrats insist that the free list should be included.

Soap manufacturers appeared before Senator Johnson's sub-committee today protesting against taking certain essential oils from the free list and placing them on the dutiable list. They maintained that the Ways and Means Committee thought that by putting a duty of 20 per cent on essential oils they were taxing oils exclusively in perfumes, while as a matter of fact many oils included are not used in perfume but in laundry soap. This they argued would put a tax on the "poor man's soap."

Senator Stone's sub-committee was at work all day on the woolen manufactures schedule, while the sub-committee headed by Senator Williams took up the sugar schedule and listened to please from Louisiana and Porto Rico cane growers for a higher duty than promised in the Underwood bill.

Henry Pharr, president of the Louisiana Cane Growers' Association, made the argument for the growers of his State, and promised to file a more extended statement. Senators Thornton and Ranssell and many planters listened to his statement and added their comments for the committee's information. According to Mr. Pharr the American Sugar Refining Company, the "sugar trust," would be the main beneficiary by the Underwood bill. He said the factories of Louisiana would be turned into useless junk and that the sugar-growing lands of his State would be reduced in value millions of dollars if Congress agreed on free sugar. He said there were thousands of small sugar farmers in Louisiana ,and insisted that the industry is not in the hands of a few big planters.

Mr. Pharr told the committee that neither President Wilson nor the Democratic platform had given the people of Louisiana to fear free sugar. He said the President had wired a positive refusal to approve free sugar to the collector of the port of New Orleans.

Asked by Senator Williams if the can growers could not turn their lands over to the cultivation of other products. Mr. Pharr argued that investigation had proved that in no other way could the lands be made so profitable.

Senator Owen, after a visit to the White House said that he expected to introduce a resolution to amend the Senate rules to prevent dilatory debate and filibuster. Senator Owen insisted he did not propose a "closure" rule which would arbitrarily close the channels of discussion at a fixed time, but that it was his intention to present such a measure as would allow the majority to close debate when it believed it dilatory or being carried on merely for delay.

Senator Owen said he had not discussed his resolution with the President.

DISSOLUTION SUIT CONTINUES

President of Steel Corporation Testifies in Government Suit to Dissolve the Organization as Illegal Combination.

New York, May 21.—Because the United States Steel Corporation owned some 75 per cent. of the ore reserves of the country it would have been impossible in 1901 to have organized another corporation its equal, Charles M. Schwab, first president of the corporation, testified today in the government suit to dissolve the corporation as an illegal combination. The testimony was adduced in instruction by government counsel.

Mr. Schwab said, however, that ores could have been imported from foreign counties and a corporation as big as the United States Steel concern offered. He conceded, on the other hand, that there was no other financial interest in the United States as strong as those which went into the corporation—namely J. P. Morgan & Company, the Rockefeller Standard Oil interests, the Carnegie interests and the W. H. Moore group.

Mr. Schwab completed his testimony today and in the face of persistent efforts on the part of Judge Dickinson, the government attorney, to gain admissions tending to show that the corporation was organized chiefly to prevent destructive wars among competing steel concerns, defended the company at every point.

In his conversations with J. P. Morgan that led to the organization of the corporation, he declared he discussed the alleged threat of Andrew Carnegie to build a tube plant in competition with the National Tube Company, one of the concerns afterward taken over. In connection with present conditions in the steel industry, Mr. Schwab testified that "if I live long enough and have the money," the Bethlehem Steel Corporation, of which he is now chairman, would manufacture every product now made by the Steel Corporation. He said the Steel Corporation, owing to the advantage of owning transportation facilities, was able to manufacture steel rails $4 to $5 cheaper than its competitors, but said that was only "because the Bethlehem Steel Corporation has not got the resources to build railroads of its own."

Mr. Schwab was cross examined on his testimony that one of the chief purposes of the organization of the corporation was to develop export trade.

"How long after the formation of the corporation did the plan of developing export trade take effect?" asked Jacob M. Dickinson, government counsel.

"I could not say exactly. I brought Mr. Farrell from Pittsburg to take charge of the export business shortly after the corporation's formation and the business has developed constantly since."

Statistics put in evidence by the government showed that export sales immediately after the formation of the corporation was smaller than immediately before.

In support of the government's contention that the Carnegie Federal and National Steel companies were competitors before being taken over, Judge Dickinson elicited from the witness the statement that their sales agencies in several common products, notably rails, were combined after their acquisition.

It was announced upon adjournment that the examination of James Farrell, president of the corporation, would be begun tomorrow.

SCANDAL DIES.

Two Men Prosecuted for Naval Commissary Graft Acquitted.

Norfolk, Va., May 21.—Prosecutions in the naval commissary graft scandal came to an end today as the result of the recent acquittal of F. H. Hobbs, and W. J. Hunt, charged with offering bribes to secure navy provision contracts.

The government will drop indictments against R. M. Eastwood and L. J. Upton, of Norfolk; H. B. Walker, of Newport News; H. E. Holston, of Old Point; William E. Allaun, of Philadelphia, and George T. Davis, former commissary steward of the battleship Louisiana.

MEETING PLACES FOR 1914 CHOSEN

Kansas City Gets Next Assembly of the Southern Presbyterians

TO ERECT MEMORIAL CHURCH

United Assembly Goes to New Castle, Pa.—$40,000 Edifice to be Built in Washington—Resolutions Contested.

Atlanta, May 21.—Kansas City today was selected as the meeting place of the 1914 General Assembly of the Southern Presbyterian Church by the commissioners attending the 1913 Assembly here.

Commissioners to the General Assembly of the United Presbyterian Church in session here today voted to hold the 1914 General Assembly at New Castle, Pa.

In advocating the selection of Kansas City as the meeting place of the Southern Presbyterian Assembly, former Judge W. H. Wallace, of that place, declared that the city is one of the most immortal in the country. He added that it needs an assembly to arouse the people to a fuller realization of what is happening in religious circles, and predicted that great good would result from the meetings.

Other places in the contest for the next Assembly were Waco, Texas; Newport News, Va., and Rock Hill, S. C.

Commissioners from Monmouth and Xenia, Ohio, strongly urged the selection of those cities as the meeting place of the United Presbyterian Assembly. When a vote was taken New Castle, Pa., received 135 votes, Monmouth 59 and Xenia 39.

At today's session of the Northern Presbyterian Assembly, vigorous opposition was voiced in a resolution recommending that during or following each sermon pastors should make an appeal for "the imediate acceptance of Christ as the sinners' personal Saviour."

Rev. C. A. R. Janvier, and J. B. Lee, both of Philadelphia, opposed the adoption of the resolution. In a speech the latter declared that the evangelistic note must be placed on the pastor's lips by the Holy Spirit, and not by resolution of the General Assembly. Despite the opposition the resolution was adopted by a close vote.

Former Order Rescinded.

Drastic action was taken today by the Southern Assembly in rescinding the order of a former Assembly which vested in the executive committee of the church the power of electing field and other secretaries. Today's action resulted from overtures by the Wilmington, Del., Presbytery. Favorable action was recommended by the committee on bills and overtures, of which former Moderator Dr. Thomas S. Clyce is chairman. By today's action the power of electing the various secretaries is restored to the General Assembly.

A feature of today's session of the Northern Assembly was the spirited reply of Dr. Charles L. Thompson, New York, secretary of the Home Mission Board, to criticisms of the board's administrative policies and methods. He denied that the board had done work other than that specifically directed by the General Assembly and accused the Western Presbyteries of ingratitude as much of the work has been in their territories. As a result of this speech reconsideration of the report of the executive commission's conclusions regarding the board adopted Tuesday, was ordered by Moderator Stone.

The Memorial Church.

Construction of a $40,000 memorial church in Washington, to look after the interests of the church in National affairs, was decided upon by the United Assembly this afternoon. A resolution to this effect was presented in the report of the standing committee of the Home Missions Board and immediately adopted. On motion of Dr. A. S. McCollum, pastor of the North Avenue church of Baltimore, it was decided to call this structure "The Memorial Church." Funds necessary for the construction of the memorial church will be raised by congregational contributions of $10 or more.

Sunday School Work.

In the Northern Assembly another important matter was the adoption of recommendations embodied in the report of the standing committee on publications and Sunday School work.

The plan for publishing and syndicating graded lessons was approvel by the committee, with the recommendation that beginners, primary and junior lessons be simplified and brought into harmony with Presbyterian doctrine and that in the use of extra Bible lessons the same suggestion be followed. As the report of the special committee on graded Sunday school lessons is yet to be received, there may be made a fight to abolish these lessons entirely.

Another matter of interest was the adoption by the Northern Assembly of the recommendation of the executive commission that the church erection board be directed to transfer $500,000 from the John S. Kennedy fund to the loan fund for aiding feeble children to build churches. The legality of this action, which was also directed by the 1912 Assembly, had been questioned by certain of the board, and Judge Alton B. Parker, of New York, is said to have rendered two opinions in the matter, based upon two separate representations submitted by members of the board. In order to take decisive action it was necessary to secure the approval of two-thirds of the Assembly membership, this requiring a roll call of 859 names. Voting to adopt the recommendations of the committee were 619 delegates, only 572 being requisite. The North-

PHILS WHITEWASHED REDS

Tallied Third Straight Win From Cincinnati—Pirates Also Won Again—Giants and Braves Still Sliding.

The Quakertown Phillies took the third straight game from the Cincinnati Reds yesterday, administering a coat of whitewash along with the worst walloping that the Reds have received this season. Johnson, the Winnebago brave, who won his first four games without dropping one, was driven from the mound in three innings, and Harter, who succeeded him, lasted for three more frames. They then made three additional hits off Smith, bringing the total number of safeties to 20, good for dividends amounting to 31 bases and 12 tallies. Tom Seaton allowed just three hits to the Cincinnatis.

The Piratical crew from Pittsburg made it two straight from the Brooklyn Superbas, the count in yesterday's contention being 5 to 2. Umpire Klem drove Daubert and Miller from the game for protesting his decisions.

The New York Giants took another slide towards the territory occupied by the Cincinnati Reds, by dropping the second game of the series to St. Louis, Tesreau, hero of the 14-inning tie game of last week, issuing a total of six passes, which aided in the tossing of the game, Manager Miller Huggins was benched for protesting a decision.

The Giants are now clinging on to third place by a bare margin of one point and only two points stand between them and fifth place. A lose today with the Cubs and Cardinals either winning or resting will mean that the Giants will drop into fifth place.

The Boston Braves again dropped a game to the Chicago Cubs, the visitors allowing many hits and runs, but pulling out a win by a margin of one score. Heinie Zimmerman clouted the ball for a home run in the third inning.

Reds Horribly Licked.

Philadelphia, May 21.—Cincinnati received the worst defeat of the season here when Philadelphia won today's game 12 to 0. The home team drove Johnson and Harter off the rubber in three innings each and by making three hits off Smith, ran their number of safeties to 20 for 31 bases.

Cincinnati .....000 000 000— 0 3 3
Philadelphia ...402 202 02x—12 20 1

Johnson, Harter, Smith and Clark; and Kling; Seaton and Killifer and Howley; time 1:50; umpires O'Day and Emslie.

Pirates 5; Superbas 2.

Brooklyn, May 21.—Pittsburg made it two straight with Brooklyn today by breaking up the locals' inner defense in the eighth, making the tally 5 to 2, the final count. Daubert and Otto Miller were put out of the game for protesting Klem's decisions on strikes.

Pittsburg .....010 001 030—5 7 1
Brooklyn .....000 200 000—2 7 4

Adams and Simon; Ragan and O. Miller and Erwin; time 1:45; umpires Klem and Orth.

Giants Lost Again.

New York, May 21.—St. Louis won its second successive game from New York today 4 to 3. Tesreau issued six passes, three to the first men who faced him in the first inning. Sallee was effective in the pinches. Manager Huggins was benched for protesting a decision.

St. Louis .....100 010 020—4 4 4
New York .....010 200 000—3 9 1

Sallee and Wingo; Tesreau and Wilson; time 1:55; umpires Rigler and Byron.

Cubs Won Again.

Boston, May 21.—Chicago won again from Boston today 6 to 5. Reulbach held the locals safe up to the eighth inning when he was driven from the box and Boston scored five runs off him and Cheney. Chicago in the third inning massed a double, two singles and a home run, the latter by Zimmerman, for four tallies and bunched hits off Hess in two other sessions for single runs.

Chicago .....004 001 010—6 10 2
Boston .....000 000 050—5 5 1

Reulbach, Cheney and Archer; Hess and Whaling and Rariden; time 1:57; umpires Brennan and Eason.

HUNDREDS SORROWING.

Body of Henry M. Flagler Removed to St. Augustine on Special Train.

West Palm Beach, Fla., May 21.—The body of Henry M. Flagler left here tonight for St. Augustine on a special train, after having laid in state throughout the day at the cottage where the octogenarian millionaire died yesterday morning.

Hundreds of sorrowing people, including delegations from trades organizations of this place and Lake Worth, called during the day to pay their respects to Mr. Flagler's memory. Members of the immediate family accompanied the body to St. Augustine where the funeral services will be conducted Friday afternoon.

WAR RUMORS.

Greek Students in Switzerland Ordered Home to Join the Army.

Geneva, Switzerland, May 21.—In view of a possible conflict against Servia and Greece, a number of Bulgarian university student volunteers recently liberated from the army and including several officers were ordered today to rejoin their regiments.

Lausanne, Switzerland, May 21.—LaRevue states that the Greek students belonging to recruit class of 1914, living in Switzerland, have been ordered to return to Greece to join the army.

TILLMAN'S BILL

Favorably Reported at Meeting of Senate Naval Affairs Committee

Washington, May 21.—Senator Tillman's bill allowing the Secretary of the Navy to assign graduates from the Naval Academy corps of the navy, was ordered favorably reported today at a meeting of the Senate Naval Affairs Committee. The bill would also nullify the Act of 1903, reducing the allotment at the Academy of each Congressman from two to one, and would give each the former number until June 30th, 1919.

CAROLINIANS AT WASHINGTON.

Secretary Bryan Wanted at King's Mountain—Rural Route.

(Special Star Telegram.)

Washington, D. C., May 21.—A delegation composed of a number of leading citizens of King's Mountain accompanied by Senator Overman, Representatives Webb and Page and Secretary of the Navy Daniels, today called upon Secretary of State Bryan and invited him to made an address at the battleground celebration to be held on the historic battlefield about the middle of October.

Mr. Bryan said he would be delighted to visit King's Mountain and perhaps would be able to do so. He stated, however, that he could not make a positive engagement so far ahead. He told Congressman Page that he would be glad for the committee to again invite his attention to the celebration at a later date and that he would accept them if possible to do so. Besides the above named gentlemen the following were present: F. and C. A. Dillingham, L. A. Kiser, M. E. Herndon, W. Barnes, W. P. Fulton, Miss Agnes Norris, Mr. and Mrs. Clarence Cornwell, Leslie McGinnis, Mrs. W. P. Fulton and Gill Hambright, of King's Mountain, and Max O. Gardner, of Shelby. President Wilson will receive the delegation tomorrow afternoon.

Dr. R. D. Ross and L. D. Robinson, of Wadesboro; F. B. Arundell, of Raleigh; Estes Pains, of Winston; Sheriff Jim McKenzie, of Rowan, and Mr. and Mrs. E. B. Norvell, of Murphy, are here.

The Postoffice Department has authorized the establishment of a rural mail route to be known as No. 2, from Elizabethtown. The postoffice at White Lake and Star route from White Lake to Elizabethtown, will be discontinued with the establishment of the above service, which is effective August 1st. P. R. A.

TRIAL OF STOREBREAKER.

Negro Given Maximum of Ten Years at Kinston, N. C.

Kinston, N. C., May 21.—Henderson Williams with several aliases, leader of the most troublesome aggregation of storebreakers that has ever operated in Eastern North Carolina, was convicted in Superior Court here today and given a maximum sentence of 10 years. Williams was leader of a gang which broke into depots, clothing, hardware and other stores in Mt. Olive, Mavsville, Jacksonville, Wilmington, Caswell, Dover, Newbern, Goldsboro, Kinston and other places; taking stuff worth thousands of dollars. He was arrested through the vigilance of Norfolk Southern detectives. He told the court that two other men who were tried with him, supposed to be confidants, were entirely innocent, and they were acquitted, Williams assuming responsibility for everything and making it impossible to convict them.

TURKEY TROT LEGAL

Magistrate Refuses to Condemn Post Cards Illustrating Unique Dance

New York, May 21.—Chief City Magistrate McAdoo today refused to put a ban on picture postcards illustrating the Turkey trot. He discharged a postcard dealer brought before him by Postoffice Inspector Anthony Comstock and advised Mr. Comstock if he considered the dance unlawful, to direct his attention to some of the "fashionable places" where it was danced.

CAROLINA'S FOOTBALL PLANS.

Three Stars Secured as Coaches for Tar Heel Team.

Raleigh, N. C., May 21.—Tod Pendleton, Arthur Bluenthal, Thomas Albert Wilson, and "Doggie" Trenchard, Princeton stars, are to coach the University of North Carolina in football this Fall.

This announcement was made tonight from the University at Chapel Hill. While Trenchard, who was captain of the great 1893 team at Princeton is head coach, he will have the assistance of the three who have been noted football men in the latter years.

This is the result of a movement among university alumni to strengthen the teams to a point of equality with Virginia. It is the plan to have Pendleton coach the backs, Bluenthal who is a native North Carolinian, to work on the line; Wilson to use his skill on the guards and center, and Trenchard to develop the ends. Each will follow his college specialty.

Trenchard trained the 1895 team at Chapel Hill, one which was rated the strongest at old style play, that North Carolina has produced. It is announced that the team of last year will return practically intact.

MANUFACTURERS MEET

Protests Filed Against Certain Labor Legislation

Detroit, Mich., May 21.—The National Association of Manufacturers concluded its annaul convention here this afternoon. Tomorrow the delegates will go to Battle Creek as guests of C. W. Post, a Battle Creek manufacturer, and before the trip is concluded, it is expected Colonel George Pope, of Hartford, Conn., will be elected president for the ensuing year.

Just prior to conclusion of the convention resolutions were adopted urging the establishment of a department of manufactures, denouncing the principle of the closed shops, urging adequate protection for all American industries, protesting against the "abridgement of the rights of courts of equity to grant injunctions in labor disputes."

Protesting against all "class legislation as un-American and detrimental to the common good;" pledging loyalty to the judiciary; urging further and more efficient enactment of workman's compensation legislation, and approving the immediate enactment of all important and necessary law.

A. H. Baldwin, chief of the Bureau of Manufactures in Washington, was a visitor at the convention today.

"The Department of Commerce has no intention of wielding the big stick over independent manufacturers," he told the delegates. "What the department is interested in is finding out the facts relating to the difference in labor cost here and abroad." Many of the delegates had expressed emphatic opposition to the policy of having Federal agents investigating conditions in factories where wages may be reduced on account of the new tariff law, as proposed by Secretary Redfield.

In his report on immigration, submitted today, Constant Meese, of San Francisco, did not go into the question of Chinese and Japanese immigration to the Pacific coast, saying he did not consider that such immigration had such importance as the question of immigration from Europe through the Panama canal into the Pacific coast States.

In his report on legislation, James E. Merry, of Washington, again today attacked the sundry civil appropriation bill because of the exemption of labor unions from prosecution under the Sherman act. He also scored the Clayton anti-injunction bill, as "one particularly reprehensible type of modern class legislation.

The annual banquet tonight included among the speakers William G. Brantley, of Atlanta, Ga.

C. E. Organized at Wallace

A committee of eleven from the Christian Endeavor Society of the First Presbyterian church, this city, last evening went up to Wallace and presented the cause of the C. E. work with the result that a very promising branch of the society was organized in the Presbyterian church at that place. The membership at the organization meeting was 35 and the prospects are for a very large increase in numbers and usefulness. The party was entertained after the meeting at the home of Mr. and Mrs. J. A. Cavanaugh, returning to the city on the 1:15 A. M. train this morning.

Just received a lot of fancy articles, suitable for graduating presents. C. H. Fore & Co. (Advertisement.)

SENATORS WON IN TENTH

Tied It Up in the Ninth and Put Two Scores Across in the Tenth—Red Sox and Browns Are Also Winners

Fighting a magnificent uphill battle at Cleveland yesterday, the Washington Senators overcame the lead of the Cleveland Naps in the ninth inning, tieing the score, and in the next frame scored two runs on hits by Milan and Morgan, Gregg's wild throw and a sacrifice fly, and won the third game of the series, shortening the road to first place by several points, the Athletics being laid up on account of rain. In the ninth inning Williams was sent in as a pinch hitter by Manager Clarke Griffith and mauled out a home run, bringing in a man ahead, and tieing the score.

The Red Sox pulled off a batting match with the White Sox, winning the game by a ten to nine score. The feature play of the game was a spectacular one-hand stab by Tris Speaker, who robbed Collins of what would have gone for four bases.

Frank Chance's Yankees dropped their rabbit's foot yesterday and handed the game to St. Louis, Hamilton, the Brown's youngest pitcher, pitching a wonderful game, allowing only one hit to the Yanks. Only one member of the Yankee crew reached second base.

Climbers Won in Tenth

Cleveland, May 21.—Washington won today's game in the tenth inning by scoring two runs on hits by Milan and Morgan, Gregg's wild throw and a sacrifice fly. In a ninth-inning rally Williams went in as a pinch hitter and hit a home run driving in the two runs that tied the score.

Cleveland ...000 010 110 0—3 12 2
Washington ..000 000 102 2—5 9 3

Kahler, Gregg and Carisch; Groom, Johnson and Williams. Time 2:15. Umpires, O'Loughlin and Hart.

Speaker Did IT

Chicago, May 21.—Boston defeated Chicago 10 to 0 in an exciting batting bee today. The predominating feature was a running one-hand stab by Speaker, who chased to the score board and robbed J. Collins of what looked like a sure home run.

Boston .. .. ..200 401 300—10 11 1
Chicago .. .. ..000 002 106— 9 14 2

R. Collins, Bedient, Wood and Carrigan; Benz, Lange and Schalk. Time 2:30. Umpires, Ferguson and Connolly.

Yankees Dropped One

St. Louis, May 21.—Errorless ball by St. Louis and wonderful pitching by Hamilton, the young left hander, defeated New York today 5 to 0. The visitors got only one hit and only one man reached second base.

New York .. ...000 000 000—0 1 1
St. Louis .. ....200 002 10x—5 9 0

Ford and Sweeney; Hamilton and Agnew. Time 1:40. Umpires Hildebrand and Evans.

HAYES BOYS GIVEN HEARING

Lloyd Hayes Sent to Recorder's Court —Brothers' Trial Today

Justice George Harriss, holding court in the Superior Court room yesterday afternoon at 4 o'clock, heard testimony against Lloyd Hayes, charged with disturbing religious worship and assault with a deadly weapon; and bound him over to the Recorder's court Friday, in the sum of $100 on the one count and $250 on the other.

C. E. Hayes and Neil Hayes, who have already been bound over for their appearance in the Recorder's court for assault with deadly weapon, were also held in the sum of $100 each to appear this afternoon at 5 o'clock in Justice Harriss' court at his office, to answer the charge of disturbing religious worship. Their other bonds are for $150. They have been in jail, and none of the three gave bond yesterday.

Their trouble occurred at Greenfield Park Sunday afternoon when it is alleged that they attacked Frank McCartney with knives, and incidentally broke up the open air meeting just starting, delaying it for about a half hour.

"Judge" G. W. Borneman testified yesterday that the three Hayes brothers behaved more like hyenas than human beings, that he tried to stop the row and placed them all under arrest, that he had a rope on Lloyd Hayes and that one of the others threatened to knife him unless he turned Lloyd loose. He denied that the other two acted like peacemakers, but said they were all three using knives and fighting.

Frank McCartney said he was passing the trio, when one of them asked him to have a drink; said he didn't drink, and one of them said he need not get gay about it; Lloyd Hayes attacked him and he knocked him away. Lloyd stabbing him on the head; both fell and while he was on the ground, one of the other Hayes boys, he did not know which, cut him on the face and arm. He was plastered up considerable, yesterday, and appears to have been badly hurt.

W. P. Stacy, Esq., appeared for the State, and Woodus Kellum, Esq., for Neil and C. E. Hayes. Lloyd Hayes was not represented by counsel. Mr. Kellum vigorously objected to trying his clients on the charge of disturbing religious worship, on the ground that he had no opportunity of summoning witnesses, and that the lesser offense alleged should be merged into the more serious offense of assault with deadly weapon, it growing out of the alleged assault. He said he intended to prove that his clients were acting as peacemakers. Mr. Stacy held that the offenses were entirely distinct and separate and the court so held, but the trial was postponed until this afternoon to give the defense time to prepare.

YALE IS INVINCIBLE

Won Sixteenth Consecutive Game from Brown Yesterday

New Haven, Conn., May 21.—Yale, playing a fine uphill game defeated Brown in an exciting contest today 6 to 4, making the sixteenth consecutive victory for the Blues and the second win over Brown this season.

Six-piece Orchestra

Another swell and special programme for today at the Grand Theatre. (Advertisement.)

CURRENCY REFORM.

President Wilson Has Three Conferences on Monetary Problem.

Washington, May 21.—President Wilson had three conferences today on currency reform. He discussed with Senator Kern prospects of currency legislation at this session and learned that attention had been so sharply focussed on the tariff that there was no agreement in sight as yet as to the advisability of banking reform.

The President talked with Chairman Owen, of the Senate Banking and Currency Committee early in the day and later saw Representative Glass, probable chairman of the House Banking Committee. He was merely inquiring into the progress being made. Indications are that within another week, a bill will be completed, the fundamentals of which will have administration approval.

Secretary McAdoo had a short conference late today with Senators Burton and Weeks. Senator Burton was a member of the National Monetary Commission, and Senator Weeks is a member of the Banking and Currency committee. It was understood McAdoo discussed currency legislation.

The Senate Currency committee is scheduled to meet Friday and Chairman Owen and other members are preparing the list of questions to be submitted to bankers and financial experts.

Although many Senators believe currency legislation at the special session is impossible, the opinion is growing that a determined effort may be expected to put a bill through both houses.

NOT GUILTY.

Lieutenant Governor O'Hara Exonerated From Blame.

Springfield, Ill., May 21.—Lieutenant Governor O'Hara was exonerated from blame and Miss Maude Robinson and Sam Davis, of Sprinfield, were charged with attempting to obstruct work of the Senate white slave committee by the report of the special Senatorial commission appointed to investigate charges of immorality against O'Hara which today reported its finding. The report was unanimously adopted on a viva voce vote.

Cleans Blood Through Kidneys

A Most Important Function and One to be Carefully Guarded.

S. S. S. Is a Wonder. It Makes You Look and Feel the Picture of Real Health.

The purpose of the kidneys being to filter the blood the question of treating supposed kidney weakness should be considered carefully. Instead of drugs and alleged kidney stimulants the better plan is to purify the blood with an antidotal effect such as you get from S. S. S.

It should be remembered that the kidneys are made up of a fine net work of blood vessels, and it is to stimulate the functional activity of kidney tissue through this capillary net work that S. S. S. shows one of its most remarkable effects.

The medicinal value of the components of S. S. S. is relatively just as vital to healthy kidney action as the nutriment obtained from grain, meat, fats, sugars, or any other part of our daily food is th the natural reconstructive requirements of the tissues. And there is one component of S. S. S. which serves the active purpose of stimulating the cellular tissues of the kidneys to a healthy and judicious selection of its own essential nutriment. Thus, in cases of rheumatism, cystitis, chronic sore throat, huskiness of voice, bronchitis, asthma, and the myriad of other reflex indications of weak kidney action, first purify your blood with S. S. S. so it will enable the tissues to rebuild their cellular strength and regain their normal health.

S. S. S. is prepared by The Swift Specific Co., 137 Swift Bldg., Atlanta, Ga., and if you have any deep-seated or obstinate blood trouble, write to their Medical Dept. for free advice. It will be worth your while to do so.

You will find S. S. S. on sale at all drug stores.

AFFAIRS AT STATE CAPITAL

Dire Prophesy From New Jersey—Improved Farming Methods.—Peace and St. Mary's Commencements.

(Special Star Correspondence.)

Raleigh, N. C., May 21.—The most "hair-raising" of many freakish letters that come to Governor Craig showed up today, bearing the postmark of "Paterson, N. J.", and bearing date May 13, 1913. It is couched in this wise:

"Governor: According to the prophesy of the United States of America the State of North Carolina is condemned and all pertaining to the United States of America is and was condemned. "INFORMATION,

"Ask and you shall be told."

The Department of Agriculture has started a campaign for improved methods of farming and reaching the individual farmers and their help that contemplates having neighborhood meetings at which the department will have one good man as speaker on approved farm methods especially in soil improvement. State Agronomist J. L. Burgess, has already launched effort in this direction and very fine compliments come for him in this work from Duplin county where he led such a meeting a few days ago. This work is to be pushed in addition to the regular farmers' institute work.

The Department of Education is notified that the community of Union Academy, Wayne county, has voted a 30 cent tax for the improvement of the public schools; also there is news to the department that the town of Angier, Harnett county, has voted bonds for the interest of school buildings.

Hon. P. P. Claxton, United States Commissioner of Education, arrived here this morning and delivered the address for the graduating exercises in connection with Peace Institute commencement. This distinguished North Carolinian, who has won such high National honors and climbed to the head of the educational affairs of the nation, began his teaching career in this State, one of his most important educational posts in this State having been with the State Normal and Industrial College, Greensboro. His address today was an inspiring message on the ideal education for womankind. Following the address there was the presentation of diplomas and the announcements of the honor roll by President George J. Ramsey, who has just completed his first year as president and scored a very high degree of success. Ten young ladies received diplomas.

St. Mary's school, this city, begins its 75th commencement Saturday with a special elocution recital. The commencement sermon will be preached Sunday morning by Rev. C. Ernest Smith, D. D., rector of St. Thomas' church, Washington, D. C. The graduating exercises take place Tuesday morning when the address will be by Rev. T. E. Wilmer, D. D., rector of St. Luke's church, Atlanta, Ga. Thirteen young ladies will receive diplomas.

Governor Craig has granted a pardon to E. E. Purvis, Edgecombe county, from the service of a term of one year in the State's prison for embezzlement. The pardon is on recommendation of court officers, jury and his employers in addition to many citizens. The embezzlement was to get means to have his wife treated in a hospital and amounted to $1,500, all of which was refunded before the indictment, Purvis having confessed and made restitution before the discovery of the embezzlement was made.

A charter is granted for the Vira-Coca Co., of Charlotte, capital $100,000 authorized and $5,000 supscribed by H. M. Wade, Lambert Kugu and Thomas W. Alexander for making and distributing Vira Coca and doing a general bottling business.

Argument of appeals for this term of the North Carolina Supreme Court was concluded Wednesday, but there was no delivery of opinion of that date in spite of the fact that this was the regular day for the weekly delivery of opinions. The purpose of the court is to deliver the final batch of opinions for the term within the next few days.

Governor Craig was not only unable to be in the executive offices again today, but spent the day in bed with no improvement reported in his condition. His rheumatic affliction has returned and is giving him much trouble. Indications are that he will take a treatment at Hot Springs soon. His friends here are urging him to do this without delay.

The Carolina Light & Power Co. announces an increase in the pay of street car motormen and conductors to 17 and 20 cents per hour instead of 15 and 18 cents paid heretofore.

I. O. O. F. AT GREENSBORO.

Durham Gets Next Convention—Daughters of Rebekah Meet.

(Special Star Telegram.)

Greensboro, N. C., May 21.—The Grand Lodge of Odd Fellows in session here since yesterday, this afternoon selected Durham as the next place for the annual session, over Hendersonville, Hickory and Salisbury, who contended for the honor. The following were electedd Gran Lodge officers:

Grand Master—M. L. Shipman, of Raleigh and Hendersonville.

Deputy Grand Master—W. F. Evans, of Greenville.

Grand Secretary—E. H. Woodell, of Raleigh.

Grand Treasurer—Richard J. Jones, of Wilmington.

Charles Dewey, of Goldsboro, was re-elected a member of the board of trustees of the Orphan Asylum. The whole day was given over to hearing reports and recommendations from standing committees and this business will be resumed Thursday.

Tonight there is no session, but the degree is being given the ladies of the order of Rebekah. Over a hundred delegates of this auxiliary branch are present. The session is being largely attended, over 400 delegates reported present today.

Mr. Jones, who was re-elected this year, was 91 years of age last February and has been treasurer of the Grand Lodge for 57 years.

Charles Dewey, who retired from the Grand Master's chair, was elected grand representative to the sovereign lodge for the next two years.

Back From Council.

Returning to the city yesterday from Goldsboro, where they attended the annual sessions of the Diocesan Council, were Rev. Wm. E. Cox, rector of St. John's parish, and Mrs. Cox. Rev. Mr. Cox made it possible with his manifold other duties, to furnish the Star with excellent reports of the sessions of the Council proper, while Mrs. Cox was kind enough, through him, to give excellent accounts of the activities of the women's auxiliaries of the church at this meeting, for all of which they have the thanks of the Episcopal people throughout all this section of the State, as well as the appreciation of the paper.

..Theatrical..

The Grand Theatre today will offer one of the greatest bills of the week in the movies and all new and select music by the Grand Theatre. The pictures are among the best productions of Lubin, Vitagraph and Edison and that's a trio that is hard to beat.

The Lubin for today is a double film and presents two splendid comedies. "Training a Tight Wad" and "Wild Man for a Day," the latter the story of two stranded actors, and the first named a story of a stingy old husband an an ingenious wife, will keep the house in a roar of laughter from start to finish.

The Vitagraph is "The Joke Wasn't on Ben Bolt" is the unfolding of a practical joke. There is mystery and charm in the story and it will be a favorite with all. The Edison is "The Lorelei," the story of a famous painter. Father and daughter are the central figures and it is both pathetic and dramatic.

But the music will be a great feature the programme by the six-piece orchestra opening with an overture, "Parade of the Tin Soldiers," by Jessel, while there will be a waltz, "Spring, Beautiful Spring," by Lincke, a caprice, "Softly Unawares" and a polka, "Laughing Love," by Jessel. With the pictures, the music and the general delights of the house, the Grand Theatre will make a strong bid for the public patronage today.

At The Bijou

Five films today at the Bijou, and the very best and most expensive quintet ever offered anywhere. All this plus the Bijou's usual solid comforts, especially in the way of free and hygienic ventilation, and new music, and all for the tiny admission of 5 cents. It has long been the wonder of all how the Bijou manages to present such a big and costly show—as swell as to be found anywhere—at such a small price of admission, which never changes.

Today's bill is one of rare charm and of really wonderful variety. It will be headed by a film of great strength and peculiar fascination, Pathe's "The Infernal Pig," which tells a story of the drend and weird "Black Hand." It is a thriller, but a tale with a happy climax. Therefore, it is wholesome.

Another hair-raiser is on today, though the scenes are vastly different. It is Essanay's "Across the Great Divide." It in thrilling from start to finish, telling a story of a man's desperate effort to cross Death Valley with his wife and little one. Of their hardships, his search for water, robbery of a mail agent, death of the woman, alone on the desert with the child, finding of the child and the father's search for his little one. It is something tremendously dramatic.

A great clown film is also a star in Cines "The Conjurers," which tells of two fellows "dead broke," who give exhibitions of magic for the benefit of countrymen. It's a scream.

There is also a great film in "Glimpses of Province, France," being a travel picutre, and there is a superb educational photoplay for presentation in "Views of Narni and Lake Trasimeno."

BEACH'S NEW BATH HOUSES

Large and Well Equipped Place Ready for the Bathers June 1st

Among the improvements at Wrightsville Beach this Summer are the new bath houses of the Oceanic View Company, just being completed on the north side of Lumina, the people's pleasure palace. These bath houses front the ocean and are 45 by 200 feet in dimension. There are a great many individual rooms and each is equipped with a fresh water shower bath. There are two compartments, for ladies and gentlemen, and a nice toilet parlor for the ladies. The place is equipped throughout with conveniences that will prove popular with the public. New bathing suits will be provided and the house opened June 1st. It will be in charge of Mr. A. A. Nathan, who has been managing the business ever since bath houses were built at the beach, more than 20 years ago.

Apply for Special Officers.

The Greenfield Park Development Co., with Sunday's disturbance at the park in mind, has made application for a special officer to serve every day in the week and for two officers on Sundays, the same to be paid by the company. Mr. Brice, of the company, reiterates the determination of himself and associate, Mr. Carter, to make Greenfield Park as safe as it is a naturally pleasant place for the women and children of the city to recreate themselves. While developing the property for the purpose of selling lots for residences, they are spending more money to provide a free park for the citizens, Mr. Brice stated, than they hope to get out of the direct returns from concessions, etc.

Immanuel Kindergarten.

The Kindergarten School of Immanuel Presbyterian church, corner Front and Queen streets, closed yesterday morning with appropriate exercises by the pupils. There were present a large number of the patrons and friends of the school and the exercises were very much enjoyed. During the past year about 50 children attended the kindergarten. Specimens of penmanship, drawings, mathematics, etc., on exhibition, were inspected with interest by those attending the exercises. The kindergarten has been in charge of Miss Florence Bonitz, who is assisted by Misses Wolff and Derita.

GREENVILLE HORSE SHOW.

Great Crowds Attending—Blue Ribbon Winners Announced.

Greenville, S. C., May 21.—More than 3,000 persons attended the second day of the Greenville horse show. Blooded horses from several States were shown. The only mishap of the day occurred when Col. P. G. Bowman, of Spartanburg, was spilled from his rig in taking a corner of the ring too fast. Winners of blue ribbons today were:

Montgomery Girl, owned by D. J. Gregory, of Richmond, Va.; Woodrow, owned by W. H. Snyder, of Greenville; Wellington, owned by Mrs. H. T. Mills, of Greenville, also winner of the Inman trophy cup; Foxy Phil, owned by J. T. Collins, and son of North Middletown, Ky.; Nicholo, owned by J. C. O'Connell, of Asheville; Jerry, owned by James F. Mackay, of Greenville; Honesty, owned by H. T. Mills, of Greenville.

A slight cold in a child or a grown person holds possibilities of the gravest nature. Croup may come on suddenly in the night, bronchitis or pneumonia may develop, and severe catarrhal troubles and consumption are possible results. Foley's Honey and Tar Compound nips a cold at the outset, cures quickly, checks a deep-seated racking cough, and heals inflammed membranes. It does not constipate and contains no opiates. Refuse substitutes. Robt. R. Bellamy.

WASHINGTON BABY NAMED

Secretary of Navy Bestows Cognomen—Cruise of Naval Militia

(Special Star Correspondence.)

Washington, N. C., May 21.—Capt. and Mrs. George J. Studdert, of this city, were highly honored yesterday, when Secretary of the Navy Josephus Daniels named their week-old son, Woodrow Wilson Studdert. During the Secretary's visit to this city, when the citizens gave him a big ovation, Captain Studdert asked the Secretary to suggest a name for his infant son. Mr. Daniels after a brief consultation with his wife decided on the name Woodrow Wilson Studdert, and Capt. and Mrs. Studdert have fully decided to accept the Secretary's suggestion and name their son after the distinguished President. Capt. Studdert says when his son is christened that will be the name given him, and with such a name and given by the Secretary of the United States Navy, if the boy does not make good it will be his own fault.

The body of the late T. S. Manning, of this city, yard conductor of the Norfolk Southern, who was killed in the railroad yards yesterday at Newbern was brought to this city last night. His wife and children left with the body by the Atlantic Coast Line for Whitakers his former home, where the funeral and interment will take place.

Lieutenant Charles Lamb Morton, the able commander of the Washington Naval Reserves, received a message from his commanding officer C. D. Bradham, of Newbern, with reference to the Summer cruise to be given the Naval Reserves by the Navy Department. The North Carolina Naval Reserves are ordered to embark at Norfolk on the United States ship Alabama on August 25th. They will be taken to New York city where they will spend several days, then to Gardner's Bay where they will be instructed in target practice, returning to Norfolk about September 2nd.

The United States revenue cutter Pamlico which has been in this port for the past several days on account of the ovation to the Secretary of the Navy, returned to Newbern this morning. While in this city the cutter took a large party of prominent citizens and guests for a complimentary sail down Pamlico river, which event was highly enjoyed by all who attended.

PREACHING AT KERR.

Rev. J. S. Crowley to Speak to Harmony Church Congregation.

Atkinson, N. C., May 21.—We always welcome good news. We are glad to announce to our Harmony congregation, Kerr, N. C., that Rev. J. S. Crowley will preach for us at Harmony church next Saturday and Sunday, May 24th and 25th. There will be two sermons on Saturday, and one sermon on Sunday morning at 11 o'clock, at which time the Lord's supper will be administered to the people, and thus we will commemorate the death of our Saviour. We truly hope for a real spiritual feast on the blessed truths of the Gospel, of which if a man drinks, he will thirst no more. But along with this gospel feast, we expect a real feast on substantial food for the outer man. The good Kerr people know how to prepare good dinners for this occasion, and they always take great delight and pleasure in so doing.

Brother Crowley will preach to the good people at Beattie's Bridge church next Sunday evening at 3:30 o'clock.

E. B. CARR, Pastor.

Will Relieve Nervous Depression and Low Spirits.

The Old Standard general strengthening tonic, GROVE'S TASTELESS chill Tonic, arouses the liver, drives ont Malaria and builds up the system. A sure Appetizer and aid to digestion. 50c.

PUBLIC OPINION

Holds in high esteem the man who is forging ahead, and frequently honors him with positions of trust and influence.

But no man can go ahead who thoughtlessly squanders his money, losing the confidence and respect of friends and companions.

If you would be a useful man in this community and desire its esteem, we urge you to be diligent in your work, save a part of your earnings and cultivate habits of thrift and regularity.

An account with a good Savings Bank will help you. We invite you to have an account with us.

THE STAR

WILMINGTON STAR COMPANY, INC., Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1879.

FULL ASSOCIATED PRESS REPORT.

Thursday, May 22, 1913.

Many a man of high standing often gets down in the mouth.

Any kind of industrial plant could be made to thrive in Wilmington.

The poor man spends his money at home while the rich man spends his in Europe.

The discreet Hobson is silent in the presence of impending vindication of his prophetic vision.

General Carranza declares that President Huerta must die. Is that a threat or just a prediction?

Sooner or later the industrious man accumulates enough to hire others to do his work while he meanders around on Easy Street.

It is even necessary for hogs to have clean surroundings in order to prevent them from dying off on account of filth and disease.

The G. O. P. is now 57 years old but its fossilized condition would indicate that it was contemporary with the dinosaurus and the dodo.

The average "mother's day" is when pa appreciates what she does and comes home often enough to get better acquainted with the family.

Those who have "seen better days" saw too many of them and never saved a penny for the future days that are even better than the old ones.

There are individuals who do the best they can and then get the can tied to them in spite of what they do to keep ahead of the game.

Job's wife wasn't worthy of a patient husband who had all sorts of troubles and yet doubted whether death would keep him from having more of another kind in the future state.

No woman will admit that she is old enough to corroborate the old-fashioned gentleman who remembers when flocks of wild pigeons covered the sky and darkened the sun.

Every fellow has his way of running things but he has the surprise of his life coming to him when he realizes that as many people will knock him as he has knocked them.

"The chicken flip" is a new name for the turkey trot." While it is the same dance, prudish people have been known to express their approval of the "chicken flip."

Says the Hancock (Kans.) Herald: "Lewis Taylor's back was strained while lifting the forepart of last week." It was lucky for Lewis that he didn't try to lift the hindpart as well as the forepart.

It is curious that the elf-like face always is pictured as the front part of a small nut that is full of cunning and deception. What are we to do with the old saw: "Little head, full of wit; big head, not a bit."

The bald-headed man who stands at a window and appears to be gesticulating and making some kind of speech, doesn't need any audience to hear what he is saying to the flies while he is swatting them according to regulations.

Doubtless the rumored "fertilizer war" will result in the use of more and better fertilizers scientifically applied. We moxe that the fertilizer companies establish demonstration farms and introduce a diversity of products to be fertilized in accordance with a study of the life needs of each plant variety.

If some people would talk they could tell a heap. Most people who do talk tell a heap that isn'st so. They are content with being repeaters instead of being conversationalists possessed of piquancy and originality. There are persons of marvelous garulity but they merely hand out talk as it has been handed out to them.

A Councilman in a certain city is going to have dodgers printed so he can impress the people with the importance of co-operating in the efforts to keep the city clean. Wonder if he ever thought of having a city-cleaning system in which the people can co-operate voluntarily or be compelled to do so by law? Co-operate how? Co-operate in what? What's the plan to begin with? Who's back of the plan so it can be carried out?

SLAUGHTER OF CALVES.

The shortage of beef cattle in the United States, and the fact that we are now importing frozen meats from Australia, has renewed interest in the necessity for conserving our cattle resources. Many States are interested in a movement to promote cattle raising, and a part of the movement is to put a stop to the slaughter of heifer calves. In a general way, moral suasion is to be brought to bear on the farmers to induce them to quit selling calves to butchers or to quit butchering calves before they come to maturity. Some States are taking vigorous steps to prevent destruction of the cattle supply, and Legislatures are passing laws either prohibiting or regulating the slaughter of calves and the sale of veal.

Secretary Houston, of the United States Department of Agriculture, has been appealed to and has been asked to lend his assistance in securing the enactment of National and State laws on the subject. It is proposed to have a national law prohibiting or regulating inter-State shipment of undersized beef cattle or carcasses of calves, yearlings, etc. A National law of that kind and State laws concerning the butchering of calves would drive veal from the markets and compel breeders to permit their cattle to reach maturity before being sold or butchered. Recalling the fact that the North Carolina Legislature had an opportunity to lead off with a law to conserve the meat supply, the Charlotte Observer remarks:

"At the last session of the Legislature an effort was made to have a law framed that would prohibit the killing of calves of tender age in North Carolina. The dish-rag backbone of the average legislator prevailed against the enactment of a State-wide law, but in a few counties the law applies. In this matter, North Carolina came near leading the country, for the agitation against calf-slaughter is about to become National."

For some reason or other the average North Carolina legislator is afraid of all propositions till he knows what public sentiment is. What is needed, therefore, is the creation of a strong public sentiment in favor of such a law in this State. However, the demand for this kind of legislation had the farmers behind it, but their demands were ignored, probably because the Legislature had no means of knowing whether sentiment in the State favored such legislation. Questions like that ought to appeal to a legislator's intelligence and judgment, but it happens that every two years the moss-backs seem to get in control of the General Assembly. They are afraid of their own shadows, and yet when the General Assembly passes wholesome, progressive legislation it is sure to meet with public endorsement.

The shortage of beef cattle in this country is strongly emphasized by the February export figures given out from the statistical division of the Bureau of Foreign and Domestic Commerce, covering the eight months which ended with February, 1913. The statistics show that the cattle supply was so short the exports for the eight months were only 12,656 head against 270,219 head during the corresponding eight months of 1907. A still more startling revelation was made in the statement that during the eight months which ended last February our export of fresh beef fell to the low figure of 4,709,047 pounds, compared with 175,806,649 pounds during eight months in 1907.

This shortage in exportation is due mainly to the actual reduction in the number of cattle in the United States, and as evidence of it the Department of Agriculture reports that the total number of cattle on farms January 1, 1913, was but 56,527,000 against 72,534,000 on January 1, 1907.

According to the government statistics, still another evidence of the demand in the United States for an increase in their cattle supply is found in the figures of the Department of Commerce, which show an enormous increase in the importation of cattle into the United States. During the eight months ended February 1913, the number of cattle imported into this country was 220,000 head against 12,500 head in the corresponding months in 1907.

All these figures show a serious falling off of the cattle supply, and it is so grave a matter it is time to do everything by moral suasion and law to promote the growth of the cattle industry. Even without a law in North Carolina, it is to be hoped our farmers will not wantonly slaughter calves or sell them for slaughter.

GRAVEL BEDS TO BE MINED.

The Wadesboro Messenger and Intelligencer states that the Atlantic Coast Line has bought from Mr. T. L. Caudle nearly 31 acres of land, for a consideration of $3,800, or more than $100 an acre. The railroad also bought about three and a half acres from Dr. E. A. Covington for $450, more than $100 an acre. These lands contain a large deposit of gravel and lie near to the railroad junction on the southeast confines of the town. Our esteemed Wadesboro contemporary adds the following interesting information:

"The Coast Line will take ballast from this land, and within a short time expects to erect a $75,000 ballast plant. It is estimated there are 2,000,000 cubic feet of ballast on this land, and it will take perhaps 15 years to remove it all. The ballast will be used on all the lines of the Coast Line in this section.

"We understand that 75 to 100 men will be employed constantly. This will be chiefly high class labor, and the pay roll will be about $3,000 per month, much of which will find its way into circulation in Wadesboro. Mr. Caudle has about 800 acres of land east and southeast of town. About two months ago he announced through the advertising columns of the M. & I. that part of this land was for sale, and the Coast Line immediately took an option on the tract which it bought Saturday."

There are immense gravel beds in the Yadkin and Pee Dee sections of the Carolinas, some of these gravel stratas being of unknown depth. The gravel is that which is now being extensively used in Wilmington for building purposes, street construction, and concrete foundations and floors. It is pebble in formation, quartzite and conglomerate, and most of it is worn as slick as marbles, indicating that it has been rolled and tossed and carried long distances by the flood waters or streams of ages passed. Many of the gravel beds are in high hills far above the ordinary streams of the day, and the probability is that they were deposited thousands of years ago and then upheaved by the volcanic forces that are so evident in North Carolina. Editor Wade Harris makes this interesting comment about this gravel formation of central North Carolina:

"The purchase by the Atlantic Coast Line of a tract of land near Wadesboro from which to secure gravel for ballasting purposes, as noted in The Observer's State news, reminds us; The vast deposits of water-washed gravel in Anson county form an interesting geological study. The deposits in several localities about Wadesboro are apparently inexhaustible. The gravel is of the true water-washed formation, in average size from partridge to hen egg, with abundant "filling" of smaller pebbles. Experiments have been made with it by the Charlotte roofing plants and by paving contractors, but its smooth finish does not give the concrete a "hold" and it is unfitted for purposes of that kind. For ballasting railroad tracks, however, it is material fitted by nature. The entire line of the Seaboard in this part of the State is ballasted with it. The presence of this water-washed deposit in Anson indicates that in the far past Wadesboro was the western shore line of the Atlantic. From Carr's Hill what is believed to have been the shore line of prehistoric days is plainly discernible. Either that or there were great inland lakes in the vicinity of Wadesboro in the days of primitive man. Strange that geological research has been so little interested in this practically unexplored field. Some day, however, the gravel pit diggers will strike a bed of dinosauria and dinotherium, and then Wadesboro will figure in the date line."

Of course the geologists can tell us about the age of these deposits, but the material deposited belongs to a much older age than the general formation thereabouts. It strikes us that along about Wadesboro, will be found evidences indicating what is known in geology as the tertiary formation. The excavation of these gravel beds should be closely watched for gems and precious metals, especially at the bed rock formations, for underneath them is the floor of the earth, so to speak. Between Laurinburg and Hamlet some years ago, we examined a gravel strata crossing a railroad cut, with the result that we discovered two beautiful amber-colored amethysts.

MODERN HARBOR IMPROVEMENTS

It is curious that we should have to go to China to get an example of modern harbor construction, but it is not so strange after all when it is known that German engineering must be given the credit instead of the ancient Chinese civilization. Mr. James C. McNally, United States consul at Tsingtau, China, is now in Washington, and in a chat with the Washington Post, he says: "It is not for me to suggest that we can take many pointers on many things from foreigners, but any one believing that we know it all might visit Tsingtau."

Consul McNally then explains that this Chinese city is the port of Kaichu, a concession of 20 square miles of water territory secured by Germany in 1907 on a lease of 99 years. He states that in 1907, Tsingtau was merely a good harbor. Its shores were a disconsolate waste, occupied here and there by straggling villages of Chinese fishermen. Today, Mr. McNally asserts, "it is a city which is not rivaled in beauty in the entire Orient." Residents of Manila, Japan and many cities in China now go there to enjoy the Summer.

It is all due to the skill of the Germans in harbor construction and city building. The water front was beautified, the streets laid off on broad plans, well paved and bordered with trees. A fine sewerage system was constructed, and the commerce of the port has experienced a wonderful growth, because the water terminals and warehouses have been constructed on the most modern lines. The Germans also have shown the Chinese how to reforest their forestless country, for the Teutons have actually demonstrated that a forest can be grown in fifteen years.

The Germans, it must be remembered, have set the pace for the world in constructing water terminals at the ports of Germany.

CURRENT COMMENT.

If the new tariff bill discriminates against Southern cotton growers and manufacturers why in the world did not the Southern Representatives say something about it when the bill was being framed and not leave it up to the Senate.—Durham Herald.

The Southern Railway has issued an attractive booklet entitled, "The Western North Carolina Section at a Glance," which describes and illustrates in a comprehensive and striking manner this great resort section. Not only are the resorts described in detail, but there are extended descriptions of the mountains and trails, the waterpowers and the other resources and attractions of the mountain section, while the resources and advantages of the State generally are remarked upon. The thousands of these booklets that will be distributed in the North and East are well calculated not only to increase the passenger business of the Southern Railway and the patronage of the Western North Carolina resorts, but to bring hundreds of desirable homeseekers to the State.—Charlotte Observer.

Saturday past, the Clinchfield Railroad carried out of Spartanburg an excursion of 1,700 people, in large part children of the public schools of that city. The excursion was run to Unaka Springs. It was a record excursion in point of numbers carried and The Spartanburg Herald is disposed to congratulate the railroad company on the fact that there was no accident of any kind. That railroad deserves a word. One of the newest in the country, it is yet one of the best built and the best equipped of any of the roads. In its conception the first consideration was a good road bed, and this was provided by the best engineering skill available. A modern system of tunneling gave it passage partly over, but mainly through the mountains. The road bed was laid in the heaviest rails with the safest devices in jointing. The engines and rolling stock were of the best class made, and in all its appointments the Clinchfield represented the highest class in railroading. It was built and equipped with the aim in view of service and safety. It can handle a mile-long coal train, or a 1,700-passenger excursion train with equal facility.—Charlotte Observer.

DEATH OF MRS. REDD

Onslow County Woman Dead—Grand Jury Returns True Bill

(Special Star Correspondence.)

Kinston, N. C., May 21.—Mrs. Lydia A. Redd, a well-known woman formerly of Onslow county, died at the home of her daughter, Mrs. Samuel Sanders, in this city, yesterday. Her death followed a short illness. Mrs. Redd was a member of the First Church of Christ, Scientist, here, and was connected with leading families of eastern North Carolina. Five children survive her: A. T. Redd, of Belgrade, N. C.; Mrs. A. A. Everett, Snead's Ferry, N. C.; Mrs. J. N. Wade, Mrs. R. L. Jenkins and Mrs. Sam Sanders, of this city.

The grand jury filed into Superior Court here in a body yesterday, as is the law in capital cases, and returned a true bill for murder against Jacob Dove, a giant negro, who killed Simon Hicks, another negro, at Pink Hill several weeks ago. Solicitor Shaw declared that he would arraign Dove at the afternoon session today and put him on trial for murder in the first degree. The crime of which Dove is accused, and for which he is in a fair way to be convicted, was a particularly brutal one.

HUSBAND TIRED OF SEEING HER SUFFER

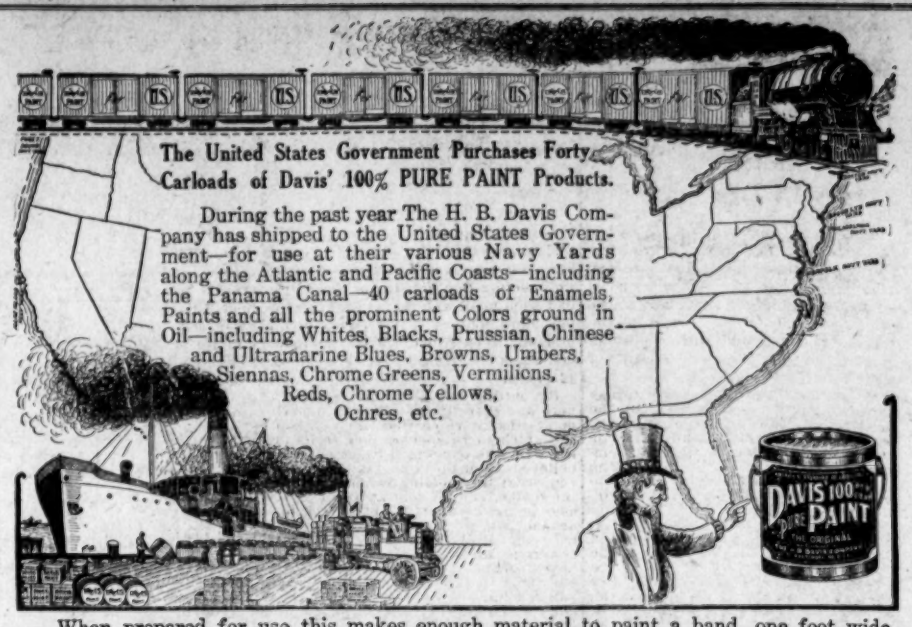
Procured Lydia E. Pinkham's Vegetable Compound, which made His Wife a Well Woman.

Middletown, Pa.—"I had headache, backache and such awful bearing down pains that I could not be on my feet at times and I had organic inflammation so badly that I was not able to do my work. I could not get a good meal for my husband and one child. My neighbors said they thought my suffering was terrible.

"My husband got tired of seeing me suffer and one night went to the drug store and got me a bottle of Lydia E. Pinkham's Vegetable Compound and told me I must take it. I can't tell you all I suffered and I can't tell you all that your medicine has done for me. I was greatly benefited from the first and it has made me a well woman. I can do all my housework and even helped some of my friends as well. I think it is a wonderful help to all suffering women. I have got several to take it after seeing what it has done for me."—Mrs. EMMA ESPENSHADE, 219 East Main St., Middletown, Pa.

The Pinkham record is a proud and honorable one. It is a record of constant victory over the obstinate ills of woman—ills that deal out despair. It is an established fact that Lydia E. Pinkham's Vegetable Compound has restored health to thousands of such suffering women. Why don't you try it if you need such a medicine?

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.



The United States Government Purchases Forty Carloads of Davis' 100% PURE PAINT Products.

During the past year The H. B. Davis Company has shipped to the United States Government—for use at their various Navy Yards along the Atlantic and Pacific Coasts—including the Panama Canal—40 carloads of Enamels, Paints and all the prominent Colors ground in Oil—including Whites, Blacks, Prussian, Chinese and Ultramarine Blues, Browns, Umbers, Siennas, Chrome Greens, Vermilions, Reds, Chrome Yellows, Ochres, etc.

When prepared for use this makes enough material to paint a band, one foot wide, **AROUND THE WORLD AT THE EQUATOR—AND MORE.**

The Government's paint requirements are for every kind of work, both interior and exterior, of battleships, cars, offices, factories, warehouses, dwellings, etc., and **THE PAINTS ARE SUBJECTED TO AND RESIST ALL OF THE CLIMATIC CHANGES OF THE WORLD.**

Government Engineers, Chemists, and Experts know quality—Can you afford to ignore their judgment?

Davis' 100% Pure Paint Products meet their every requirement.

They satisfy Uncle Sam, and they are SURE to satisfy you.

The Government uses only the best—Follow their example, and buy the Davis' 100% Pure Paint Products. They save in quantity, and save in labor, are the most durable and most lasting—and **COST NO MORE.**

THERE IS NO BETTER PAINT MADE.

UNCLE SAM BOUGHT 40 CARLOADS DURING THE PAST YEAR!

HEALTH BUDGET AGAIN TODAY

Council Postponed Consideration of the Items From Yesterday—Routine Matters at the Regular Session.

Contrary to expectations, the City Council at its regular meeting yesterday morning did not do more than formally receive the health department budget for the ensuing fiscal year, postponing consideration of the same until this morning, when a conference will be held with Chairman Willard, of the County Board of Health.

Mr. Willard was present yesterday morning and formally presented the budget that had been prepared by the County Board of Health and approved by the Board of County Commissioners. As is well known, the city is to pay four-fifths and the county one-fifth of the expense of the maintenance of the health department.

Consideration of the ordinance offered last week by Councilman Wood for a graduated license tax on the gross receipts of gas and electric plants and street railways, was also postponed, this matter going over until next Wednesday. Thos. W. Davis, Esq., as counsel, and Mr. A. B. Skelding, general manager of the Tidewater Power Company, were present and asked to be heard in behalf of the company before any action is taken. Council readily agreed to hear the representatives of the company when the ordinance is taken up next week. Councilman Wood stated that there had been some change in the phraseology of the ordinance, but that the measure is substantially the same as presented last week. Copies of the ordinance in its new form had been presented to the other two members of the committee, he said. The ordinance provides for a tax of from 3 per cent. on gross receipts up to $300,000 to 10 per cent. on gross receipts up to $1,000,000.

Another resolution, offered by Councilman Wood, to the effect that the city clerk and treasurer make demands upon the Tidewater Power Company for $2,622.13, the balance it is alleged the company owes the city for street paving, passed with but one dissenting vote, this being cast by Councilman Loughlin. The $2,622.13 represents the difference in the cost of paving for 12 inches on each side of the car tracks, already paid by the company, and 18 inches on each side which the present Council claims the company is required to pay for. The charter of the company, it is said, provides that it shall pay for the paving between its tracks and for 12 inches on each side of its car tracks. The old City Council settled with the company on a basis of 12 inches, but did not waive any right the city might have to collect for the remaining six inches. Councilman Loughlin, in explaining his position on the matter, said that he did not vote on the resolution for the reason that the tax on gross receipts of the company is now being agitated, however, he thought the company owed the $2,622.13 all right. Councilman Wood laughingly remarked that Councilman Chadwick, of the financial department, had agreed to let him have the $2,622.13 with which to experiment with deep wells from which it is hoped to obtain the public water supply. Whether this money or some other is used it is pretty certain that the present Council will undertake to obtain the public water supply from bored wells or will endeavor to move the present intake up the river to a point about Castle Haynes.

Upon motion of Councilman Jones the fire limits on North Fourth street were changed so as not to extend further north than Bladen street. Dr. J. A. Smith was present to urge the change. Mayor Moore cautioned careful consideration of the matter before any action was taken, saying that the old Council had gone into the matter quite thoroughly and was convinced of the advisability of extending the fire limits to Nixon street. Councilman Loughlin said several persons had telephoned him and asked to be heard on the question before any action was taken. Dr. Smith said that the people living beyond Bladen street could not see any advantage in having the fire limits extended to Nixon street, as the fire insurance rate had not been decreased one bit. Chief Chas. Schnibben, of the fire department, came in at this juncture and his opinion was sought by the Mayor. Chief Schnibben said that there was argument for and against the change in the fire limits. He said that there are a number of dwellings in that portion of the street sought to be excluded from the fire limits and that under the present ordinance, if any of them should be burned, they would have to be replaced with brick structures. He suggested that if the fire limits were changed that certain restrictions be adopted so as to prevent the erection of small shacks and also require tin roofs. The motion to change the fire limits prevailed. Councilman Loughlin casting the only vote against it.

Councilman B. C. Moore, Councilman Jones' predecessor from the First Ward, secured the enactment of the ordinance extending the fire limits to Nixon street and the change as made yesterday is further evidence of the fact that the two men have no views in common.

Councilman Jones nominated for election as members of the police force Messrs. W. R. Appleberry and O. B. Thompson, who were formerly members of the force. No certification had been received from the Civil Service Commission as to the examination of Messrs. Appleberry and Thompson, but it was stated that as they had formerly been members of the force no examination would be necessary. However, City Attorney McClammy held that the only way they could be put on would be through the Civil Service Commission. A certificate will have to be presented from the commission showing that they had passed the examination.

Councilman Wood stated that he noticed in the papers a few days ago that a mad dog in Newbern had bitten 10 persons and suggested that as this is the mad dog season that this city take some action to prevent unmuzzled dogs from running at large. The city attorney stated that there is already ordinances covering all phases of the dog question.

A letter which has been received by Building Inspector Chas. Schnibben from Mr. J. M. Solky with reference to the building at the northwest corner of Second and Market streets, which it is claimed is in a dangerous condition, was read. The building is next east of the building recently purchased by Mr. Solky and on the site of which he is to erect a handsome theatre building. The question of condemning the building complained of was left with the building inspector, chief of police and the Mayor. The building belongs to the heirs of T. C. Mellhenny.

Soft drink licenses were granted as follows: J. H. Mack, 1001 Castle street; Sam Hines, 615 South Eighth

(Continued on Page Six.)

CITY BUDGET FOR NEW YEAR

Council Began Work on Financial Sheet Last Night—Indications Are That Budget Will be Cut Down $20,000.

City Council held its first conference last night to consider the city budget for the fiscal year beginning June 1st and it was announced after the meeting that satisfactory progress had been made and that probably with one more conference the board would be ready to pass finally upon the financial sheet as arranged for the coming 12 months.

By cutting out a number of items here and there in the different departments that were carried last year and for which there appears now to be no need for the ensuing fiscal year, it is believed, from the totals as they were run up at the meeting last night, that the budget can be kept at about $250,000, being a reduction of something around $20,000 over the present fiscal year. Provision is made for $5,000 sewerage bonds that the city did not have to handle the present year. Among the items that it has been agreed will not have to be caried in the budget for the incoming fiscal year are: Front street market house, about $5,000, most of the market having been recently improved, rented for a period of five years; all bridges are in good order, so a $2,500 here may be cut out; saving in the fire department of about $4,000 over the present year, when an appropriation of $5,100 was made for auto trucks; detectives, $2,000, and a number of other items considered unnecessary. Provision is made in the budget for the Macomber's ditch improvement in accordance with contract awarded by the old Council, and it is likely that the firemen and police officers will be given an increase in salary.

Councilman D. N. Chadwick, who is in charge of the Department of Finance, had gone over this year's budget very carefully and stated to Council that by practicing rigid economy it is planned to not only take care of the expenses of the incoming fiscal year without increasing the tax rate, but to have enough left in the treasury at the end of the year to pay off the present indebtedness, brought over from the old Council. Councilman Chadwick and other members of Council are not sure that this can be done, but they are hopeful of being able to get by without any increase in the tax rate and at the same time keep up the present efficiency in all the departments and, as stated, pay off the present outstanding floating indebtedness.

Present at the meeting last night were Mayor Moore, all members of Council: City Attorney McClammy, Capt. Thos. D. Meares, city clerk and treasurer, and Col. Chas. H. White, tax collector.

FAMILY'S MARVELOUS ESCAPE

Runaway Horse Takes Mother and Four Children on Wild Ride of Nine Miles and Only One Slightly Injured

The wife and four small children of Mr. Henry Lee, who was moving from Masonboro Sound to the city yesterday, had an experience last evening that they will never forget and one that is truly remarkable in every way. The horse drawing the vehicle in which they were traveling to the city, ran away and kept on running for nine miles, or until a colored man stopped the animal at Winter Park, and although death or very serious injury seemed inevitable to the frightened and helpless lady, only one of the party was hurt.

The oldest boy, who was quite small, was thrown out and sustained bruises on his face and head, which did not appear to be of a serious nature. Mrs. Lee, who came on to the city on the cars with her little ones, and around whom gathered a sympathetic and interested crowd at corner of Front and Princess, stated that in the amazingly long run of the horse, they passed two vehicles and an automobile safely, the speeding animal swerving out of the way in each instance. That all were not hurled out and either killed or badly hurt, appeared as marvelous to those who heard her as it did to herself. One of the children was in her arms while the others were all of tender years. A policeman secured a carriage for them and they were taken to their new home in the city. As the wounded youngster entered the carriage, he demanded to know where he was to be taken before he would get in, and his mother explained that he was afraid they would take him to the hospital.

It is doubtful if ever there was another runaway incident like it, for the horse must have established a new speed and endurance record, and certain it is that no such affair ever ended more fortunately in that none was killed or even badly injured.

Mrs. Lee said that the horse, trained to start as soon as Mr. Lee mounted a vehicle, started rather suddenly this time, and jerked the lines from both the reach of herself and husband, and she was off with the children on a fearful ride during which her feelings were such that they can hardly be imagined.

PRES. M'NEILL TO FIREMEN.

Circular Letter Relative to Approaching State Convention.

President James D. McNeill, of the State Firemen's Association, in connection with his recent visit to Wilmington, has addressed a circular letter to the various fire departments of the State, relative to the State convention to be held here August 11th-16th; and gives detailed information regarding same. The dates, he notes, are "similar to those selected in 1907 when we met in Wilmington and had such a good time." Chief Schnibben, he points out, is enthusiastic in his desire to give the boys a nice time. An effort is to be made to have the tickets good for ten days. The firemen will meet in Abbeville, S. C., firemen from Georgia, South Carolina and Virginia, in an inter-State contest.

Instructions are issued to elect delegates in June or July, and send the names to the secretary. The local committee is to send out programmes and full information, including prize lists, at an early date.

About the outing the firemen will enjoy he says that he wants the boys to have plenty of time at Wrightsville Beach, "to get their fill of softshell crabs, pig fish and sunburn," and he notes that they "may gaze on the beauteous forms of the mermaids as they emerge from the briny waters of the old Atlantic making them forget the girls they left behind them."

IN THE RECORDER'S COURT

Trial of Five White Women Charging Vagrancy Postponed Until Saturday—Tilt Over the Southerland Case

The trial of five white women, Gussie Greer, Maude Pinner, Louise Mebane, Blanche Baton and Annie Gold, arrested last week on charge of vagrancy, was postponed yesterday until next Saturday. Bonds were renewed until that time. Louise Mebane was not present, but her attorney, Wm. J. Bellamy, Esq., presented a certificate from a physician to the effect that she was too ill to attend.

There was a rather lively tilt between Woodus Kellum, Esq., and Solicitor Geo. L. Peschau over the case charging gambling and conducting a gambling house against "Dolly" Southerland. The solicitor stated that he wasn't ready for trial. Mr. Kellum declared that he was, and that his client should have a hearing at once, that he was arrested Tuesday morning, giving the State ample time to prepare for the trial, and that the newspapers had printed the story and word had gone forth that the young man had been indicted on this charge. He thought a continuance would be unfair and unjust to his client. Solicitor Peschau said that J. P. King, a very material witness, had not been summoned because the police could not find him, and he could not go on without a fuller investigation. Mr. King, it was stated, is a traveling salesman, with headquarters in this city; and it is alleged that he is the man who lost $90 or more in the alleged gambling house of the defendant. Chief of Police Fowler was subpoenaed, and he stated that Mr. King had told Officer Lane that he had been trimmed out of the sum named, "robbed," as the solicitor put it. He had not been subpoenaed, but it was thought that he could be summoned by Saturday. The court set Monday for the hearing.

Mr. Kellum offered a motion to quash the indictment, and Solicitor Peschau gave notice of a motion to amend the warrant, which seems not to have been drawn correctly as to wording. The court will hear a discussion of the motion to quash this morning and if it fails, Mr. Kellum stated that he would make another motion.

A feature of the court yesterday was the presence of Mr. W. H. Sprunt, Rev. Dr. Wm. H. Milton, rector of St. James' church, and Mr. J. Allan Taylor, representatives of the Good Government League.

The Herbert Larkin case was again postponed until Friday and it may not be heard until September. He is charged by the Pollock woman with instigating the murder of May King, whom the Pollock woman killed a year ago in this city. He is represented by Woodus Kellum, Esq. The woman is represented by Walter P. Gafford, Esq., who said he wasn't going to let the woman testify in the case. Mr. Kellum intimated that he would resort to habeas corpus proceedings for his client, if he couldn't do otherwise.

Bill Rattley, a mulatto who wears a much better countenance than the average run of his kind, appeared to answer the charge of being implicated in the theft of two barrels of lard from The Corbett Co. Two negroes are already in jail for Superior Court on the charge, and Rattley and Theo. Donaldson were wanted also. Donaldson is at large, but Rattley was caught in Newbern and brought here the other day. He waived examination and went to jail till September court. Bond was fixed at $200.

Sam Wilson, colored, broke a window shade roller over his girl because she didn't exhibit the proper degree of alacrity when he ordered her to go home with him, and the Recorder assessed him $15 and the costs. May Foster, colored, accused of leading an idle and immoral life, was given a month on the farm, but later was released pending further action.

This morning the seven citizens charged with threatening to run John S. Ramos out of Wilmington because of his article in his paper, The Live Wire, attacking Councilman T. W. Wood in regard to that gentleman's action in the election of Mr. N. J. Williams chief of police, comes up again. It has been postponed twice and it is expected that the hearing will be held this morning. The case has some interest and will likely be heard by a large crowd.

The matter of the forfeited bond of J. P. Hopewell came up yesterday morning, and it was stated that final judgment had been entered against the bondsman, Mr. E. T. Pressley. The bond is for $100 but it was stated later in the day that an execution revealed no assets, that the bondsman did not justify, and that the bond was nothing more than a straw bond and uncollectible. It was taken at police headquarters the night Hopewell went in and surrendered himself, after the father of the little girl whom it was charged Hopewell had attempted to assault, had said the charge was baseless.

DEEDS FILED FOR RECORD.

Property at Fourteenth and Orange Streets Sold to Realty Co.

Yesterday's deeds filed for record are as follows:

W. F. Furpless and wife to Thos. H. Wright, for $100 and other considerations, lot on north side of Cowan street, 143 feet west of Third, 33x165 feet in size.

R. L. Godbold and wife and others to W. J. Eagle and wife, for $100 and other considerations, lot on west side of Sixth street, 120 feet north of Dawson, 39x75 feet in size.

Manhatten Co., to Mary A. Hawkins and John H. Jackson, for $50 and other considerations, lot on west side of Newbern street, 142 feet south of Market, 50x100 feet in size.

Marshall Shrier, trustee, to Marx N. Nathan, for $10 and other considerations, lot at northeast corner Grace and 16th streets, 88x132 feet in size.

Passing of Good Woman

Yesterday's Raleigh News and Observer, editorially, has the following:

"It was with deep regret that friends throughout the State learned of the death of Mrs. Charles Manly Stedman, of Greensboro, wife of Congressman Stedman. A woman of many graces, of culture and refinement, she was held in the highest esteem, greatly beloved by all who knew her. A daughter of the late Joshua C. Wright, of Wilmington, she became the bride of Major Stedman shortly after the close of the war, and had a large relationship throughout the State. Ever considerate and kind, she was possessed of Christian virtues which endeared her to all. There is deep sympathy for the bereaved family."

PUBLIC SCHOOL BOND ISSUE

How Money is to be Used—Other Facts Pertaining to the Question. Conference With Board of Education Yesterday.

A conference was held at the Court House yesterday afternoon between members of the Board of Education and the committeemen of the city schools with reference to the election to be held on the 27th of May on the question of issuing bonds for public school buildings.

The superintendent of public instruction, the superintendent of the city schools and Mr. B. Solomon, who will become a member of the board on July 1st, participated in the conference. J. O. Carr, Esq., chairman of the Board of Education, presided.

It was decided that the school authorities are not called upon to make an active campaign for this bond issue and no mass meetings will be called, as the matter is one in which the people themselves should take some initiative if they are interested in safe buildings for their children; but it was decided at the conference that the facts about the matter should be placed in the hands of every voter so that he can determine the matter for himself.

The following statement was authorized:

"The school authorities deem it proper to make a statement of the conditions affecting the public schools, in order that the public may have an intelligent and unbiased knowledge of the facts.

"Within the past three years several school houses have been built out of current funds and borrowings, the situation rendering these additional buildings absolutely necessary to maintain an efficient school system, and the loans contracted for this purpose must be cared for without further delay.

"The proposed bond issue is to take care of the debts already contracted for school buildings, and to erect other buildings whose need is a present and growing necessity.

"In the event the school bond issue carries it is the purpose of the Board of Education to at once build substantial brick buildings for white children south of Castle street and north of the railroad for the lower grades, thus relieving the Union and Hemenway schools from their present congested and dangerous condition; and at the present time to sell only so many of said bonds as are necessary to do this, and to build the necessary buildings in the country needed at this time. We propose to begin plans at once for replacing the Union and Hemenway school buildings with fireproof brick buildings; but the magnitude of these undertakings is such that we would not have time to prepare plans and let out the bids and complete these buildings by the opening of the schools in the Fall. However, it is our purpose to begin the construction of these buildings immediately on the close of the Spring term, 1914, and have them ready for the opening in the Fall. Bonds for this work will not be sold until needed, and the authority to issue $175,000 worth of bonds, if granted by the people, will only be exercised when absolutely necessary. Not a dollar of the public school funds has been spent extravagantly and the same economy will be exercised in the expenditure of the bond money, if it is authorized by a vote of the people in the coming election."

The Board of Education has been for several years contemplating the erection of school buildings in the northern and southern sections of the city as well as in the country; but could not get the required funds. If this effort fails it will probably be a long time before the present conditions are changed.

The board has just received the following notice from the Insurance Commissioner at Raleigh, accompanied by a letter to the effect that "perilous conditions" exist in the school houses of Wilmington:

"'Built to Burn' is a placard that could be tacked on more than 250,000 school houses in the United States. Some of them are architecturally pretentious, some are architectural monstrosities, but they are all built to burn.

"In constant peril from fires and panic, are children and students in schools and colleges in the cities and towns in the list that follows. The majority of the 20,000,000 school children and students in the United States are housed in buildings that are fire traps. The local jail is usually a safer building than the local school house. Think of giving misdemeanants before the law a safer housing than the country's future citizens!

"Perilous conditions in school houses exist in all of the cities named herein. In every place the public authorities have work to do to protect the lives of school children.

"Note—The above appears in the March number of 'Safety Engineering' a journal published in New York and devoted to prevention of needless waste by fire and casualties. One of the lists referred to, and in which our citizens are all interested, is the one given below. "JAMES R. YOUNG,

"Insurance Commissioner.

"Raleigh, N. C., May 5, 1913."

The following facts are given to the public:

Donations to Schools.

Tileston High School	$50,000
Old Hemenway bldg—sold	3,000
Isaac Bear School	15,000
Small donations (approximately)	1,000
Land given by U. S. Gov.	25,000
	$93,000
Bonds issued to date	60,000

Children in City Schools.

Total children in city schools	3,715
In wooden buildings	3,006
In brick building	709
Total	3,715

The books and all records of the Board of Education are at the Court House in the office of the Superintendent of Public Instruction, and any information desired about the management of the school system will be gladly furnished to anyone.

On the Cape Fear by Moonlight.

Tonight the Christian Endeavor Society of St. Andrew's Presbyterian church will operate an excursion down the Cape Fear river on the steamer Wilmington, and all who wish to enjoy the pleasures of a moonlight trip on the river may do so for the small sum of 25 cents. The boat leaves the Princess street wharf at 8:15 o'clock.

For $1.50 Per Year

You can rent one of our Safe Deposit Boxes, where your valuable papers and jewelry may be kept safe from fire or burglars. This is cheap insurance when you stop to consider the loss of one deed, mortgage, bond, stock certificate, insurance policy or other valuable paper might entail a loss sufficient to pay your box rent for a lifetime.

OLD AND STRONG.

The PEOPLE'S SAVINGS BANK

HOW ABOUT THE YOUNGER SET?

You appreciate the necessity of association with a strong Savings Bank. The reasons are obvious. But are there not members of your family, among the younger set, who have not yet become acquainted with Banking methods? Would it not be well to introduce them to an account at the Wilmington Savings & Trust Company? Such a connection will prove advantageous to them in subsequent years and at the present time a Savings Account will be educational, as well as useful. We are the oldest and largest Savings Bank in the entire State of North Carolina.

Big Beach Crowd Yesterday

Grace Methodist church Sunday school sent 495 persons on the free excursion given by the Tidewater Power Company to Wrightsville Beach yesterday afternoon; and the big crowd enjoyed every minute of the day. This morning at 10 o'clock St. Mary's Catholic Sunday school will leave for the beach on the company's cars, and tomorrow at 3 P. M., the First Presbyterian Sunday school will have its outing.

STEAMER WILMINGTON

Last Big Sunday Special Trip Next Sunday—Schedule

As the handsome steamer Wilmington will go on her regular Summer schedule on May 31st, with two trips daily to Carolina Beach and return, next Sunday will be the last opportunity hundreds of Wilmington people and visitors will have to take one of the special trips down the river to Southport and to sea. For this special trip the steamer will leave at 9:30 A. M. and return about 6 P. M. The special trip last Sunday was much enjoyed by a large number of people and no doubt the coming Sunday will also find a large number on the decks of the handsome steamer for a day's outing and a short run to sea. At present the Wilmington is making the one trip to Carolina Beach but on June 1st, the regular double daily trips will be inaugurated for the regular season.

SOCIETY

Miss Genevieve Munn, of Tar Heel, is spending several weeks with her brother, Mr. E A. Munn, No. 713 North Third street.

* * *

Miss Alice Behrends has returned from Baltimore, where she has been attending school, to spend the Summer with her parents.

* * *

Miss Madge Webb left yesterday afternoon for her home at Shelby, after a visit to friends in the city and at Greenville Sound.

* * *

Mr. and Mrs. Burke H. Bridgers have returned from their bridal tour and are at home to their friends at No. 510 Orange street.

* * *

Miss Annie Leah Mercer, daughter of Mr. and Mrs. J. B. Mercer, returned yesterday from Elizabeth College, Charlotte, where she is a student.

* * *

Miss Virginia Taylor, daughter of Col. and Mrs. Walker Taylor, returned yesterday from Europe, where she has been for the past year pursuing her studies.

* * *

Yesterday afternoon's Fayetteville Observer: "Mrs. R. W. Montgomery, of Wilmington, who has been visiting Mrs. Mack Davis, on Haymount, returned to her home this afternoon."

* * *

Mr. and Mrs. Chas. N. Evans are expected to return this morning from Pittsburgh, Pa., where they were called Sunday night on account of the death of a nephew of Mrs. Evans.

* * *

Yesterday's Greensboro News: "Mrs. Julian A. Turner and Misses Marie and Annie Turner have returned from Wilmington where they have had a delightful visit with Mr. and Mrs. W. P. Mangum Turner."

* * *

The Literature Department of the North Carolina Sorosis will hold a meeting at 5 o'clock this afternoon at the home of the chairman. This is the last meeting before the department suspends for the Summer.

* * *

Misses Marietta and Lucy Behrends are expected to arrive this morning from Raleigh, where they have been attending school at Peace Institute. Miss Lucy Behrends was recently elected president of one of the literary societies for the next school year.

* * *

Miss Genevieve Dushan leaves today for Deland, Fla., to attend the commencement exercises of Stetson University, and before returning home, she will visit in Georgia, spending the month of June in that State.

* * *

Announcement is made of the marriage December 24th in South Carolina, of Mr. C. Lyde Williamson and Miss Grace W. Roykouff, of Winter Park. The announcement came as a great surprise to friends of the couple in this city, who were wholly unaware that the interesting event had taken place.

* * *

At a meeting of the alumni of the High School in the High School building last evening, it was decided to entertain the Senior class at a dance to be given at Lumina one week from tomorrow night. Committees were appointed to work out various details. A second meeting will be held by the alumni next Wednesday night to complete the evening's programme.

* * *

Handsomely engraved invitations have been issued to friends in this city and elsewhere as follows:

Mr. and Mrs. M. G. Tiencken
request the honor of your presence
at the marriage of their daughter
Anna Catherine
to
Mr. William Charles Cronenberg
on Wednesday afternoon
the fourth of June
at half after four o'clock
St. Paul's Evangelical Luth. church
Wilmington, North Carolina.

Enclosed with the invitation is a card reading as follows:

Reception
Thursday, June nineteenth
from nine to twelve o'clock
Germania Club.

A Brunswick, Ga., dispatch, given below, will contain news of interest to friends of the mother of the groom-elect, Mrs. Edward B. Dudley, who was Miss Teresa Bauman, formerly of this city: "Mr. and Mrs. John Scott, of Atlanta, announce the engagement of their daughter, Gertrude, to Mr. John Bauman Dudley, of Brunswick. The wedding will take place on June 25th, at the home of the bride's parents. Miss Scott has made her home in Brunswick for several years, and has hosts of friends here and elsewhere who will be much interested in her approaching wedding. Mr. Dudley is a prominent young business man, and their many friends are glad that they will continue to make Brunswick their home."

* * *

FINALS AT ELIZABETH COLLEGE IN CHARLOTTE.

Miss Katherine Christine Vollers, daughter of Mr. and Mrs. H. L. Vollers, of this city, was a member of this year's graduating class of Elizabeth College, Charlotte, the commencement exercises of which came to an end Tuesday night with the address to the graduates by Rev. F. B. Clausen, of this city, and the presentation of diplomas. Mr. Clausen had as his subject "The Two Goals of Education," and the Charlotte Observer of yesterday says that he discussed his theme with rare skill and was very eloquent. At the end of his address he was greeted by a storm of applause.

The feature of the afternoon, says The Observer, was the May fete, featuring the March of the Nations, the Crowning of the Queen, Miss Katherine Vollers; the Colonial Minuet, the Highland Fling and the May Pole dance, which was held at 4 o'clock under the direction and supervision of Miss Olive Rusk.

Miss Vollers was graduated in piano and under the head of music distinctions her name appears twice, receiving 93.5 in piano and 92 in voice.

Mr. Clausen last night preached at St. Mark's Lutheran church, Charlotte. As stated a few days ago, on Sunday he will deliver the baccalaureate sermon at the seminary at Mount Pleasant, N. C.

* * *

SPECIAL MEETING OF NORTH CAROLINA SOROSIS.

North Carolina Sorosis met in special session yesterday afternoon in the club rooms, Masonic Temple, to take action relative to the pledges made by the delegates at the Federation in Newbern, all of which were unanimously accepted and money out of this year's treasury ordered appropriated therefor. This year the club hopes to concentrate its efforts along educational lines and the president appointed a committee to have charge of the educational affairs of the club, this being composed of Mesdames M. G. Saunders, J. M. Solky, Andrew J. Howell, W. M. Creasy, R. W. Hicks and Robert Ruark.

Animated discussion was also engaged in relative to the proposed Housewife's Reference Circle, by the establishment of which the club hopes to solve the present servant problem. It is planned to get the circle in running order this Summer and a cordial invitation to co-operate with Sorosis is extended to the general public. Through the workings of the circle, detailed accounts of which The Star has already published, it is hoped to secure good reliable help in all classes of industry.

The club went on record as endorsing strongly the proposed bond issue of $175,000 for educational purposes and the ladies pledged themselves to work for the successful culmination of the campaign in behalf of the bond issue.

PEIRCE-GIBSON WEDDING WEDNESDAY AT WARSAW

Warsaw, N. C., May 21.—At six o'clock last Wednesday, Miss Sallie Faison Peirce, daughter of the late Mr. Thomas B. Peirce, became the bride of Ensign Edward Banks Gibson, U. S. N. Owing to the family's recent bereavement, the ceremony took place very simply at the plantation homestead. The bride on the arm of her oldest brother, H. Faison Peirce, passed from the wide veranda down a boxwood walk and stood under an evergreen arch which grows over the front gate. She was met by the groom and his brother, Richmond Gibson, midshipman now at West Point. Miss Margaret Peirce and Mrs. Earl Best, sister of the groom, gowned in white, stood on either side. Beyond the hedge were standing groups of intimate friends and old family darkies, all of whom felt very tenderly towards the little white bride who has been such a blessing in her home community. Her unselfish heart and loving administrations to those who needed cheering made her one of those rare young people whose smiles were watched for by the old and the young, the little children and the afflicted.

The couple left on the northbound train for New York, from thence to New Haven, Conn., to visit the parents of the groom, Lieutenant Colonel Gibson and wife. After that they will be at home at the Navy quarters, Brooklyn, N. Y.

Among those present from a distance were Miss Ona Banks, aunt of the groom, from New Haven; Miss Mattie Moye Ring, of Greenville; Miss Janie Kerr, of St. Mary's Institute; Mrs. Boyd and Miss Mary Snow Boyd, of Goldsboro; Mrs. Clara White and Mr. Jim Hines, of Greenville; Mr. John Wellington Markham, of New York.

PERSONAL PARAGRAPHS.

—Mrs. Robt. Stride, of Southport, was a guest at The Orton yesterday.

—Among the visitors here yesterday was Mr. L. A. Bethune, of Clinton.

—Mr. Thos. F. Morse, of Sumter, S. C., was a guest at The Orton yesterday.

—Mr. Fred Anderson, of Statesville, was in the city yesterday, a guest at The Orton.

—Mr. L. S. Foster, of Rocky Mount, was registered at the Southern Hotel yesterday.

—Mr. and Mrs. D. J. Corbett, of Currie, were guests at the Southern Hotel yesterday.

—Messrs. G. T. Daniels and T. A. Hoover, of Cola, S. C., were among The Orton's guests last evening.

—Mr. W. L. Sheffield, night clerk at the Southern Hotel, is spending several days with his parents at Wallace.

—Mr. D. S. Hines, editor of the Duplin Enterprise, Rose Hill, N. C., is a visitor to the city, a guest at The Southern Hotel.

—Mr. W. E. Dellinger, advertising manager of the Charlotte Observer, spent yesterday in the city on a business trip.

—Among the visitors yesterday, guests of The Orton, were Mr. W. R. McRacken, of Whiteville; H. B. Downing, of Fayetteville, and O. H. McKnight, of Rocky Mount.

—Among the late arrivals at The Orton yesterday were S. L. Ward, Newbern; E. C. Harllee, Greensboro; T. L. Gibson, Fayetteville; H. H. Brimley, Raleigh.

—Mr. H. H. Brimley, of Raleigh, who has been spending some time in Brunswick county hunting specimens for the State Museum, of which he is curator, passed through the city yesterday afternoon, en route home.

—Messrs. John W. Ervin and Chas. B. Webb, officials of the Junior Order, who have been with local Juniors on business of the order, for a week past, left yesterday evening, Mr. Ervin going to Florence and Mr. Webb to his home in Statesville.

NO MORE TYBEE EXCURSIONS

Southern, Seaboard and Coast Line Reported As Quitting It

The Savannah News reports that the Southern, Seaboard and Atlantic Coast Line have agreed to operate no excursions to Savannah this Summer. No reason is assigned but the Savannah paper presumes they have found it unprofitable business. Another reason is advanced to the effect that the Central of Georgia Railway is regarded as having a sort of monopoly on the Tybee business; and it is further pointed out that the rowdy element has wrought such damage to equipment that the railroads have decided not to take such an active interest in Savannah this season. The reported decision will materially reduce the number of people visiting Tybee, says The News. The trades organization may take it up with the roads to get them to reconsider.

A traffic manager, speaking with a Star man about the risk in handling excursions for colored people, said that his road looked askance at these propositions, that there was too much danger in handling large crowds of negroes. In fact, his road only recently turned down an excursion for negroes.

New Members of Chamber

At a meeting yesterday afternoon of the executive committee of the Chamber of Commerce three new members were received, these being as follows: Dr. Edward J. Wood, Independent Ice Co., cold storage department; Mr. Royal C. Remick, who is a newcomer to Wilmington.

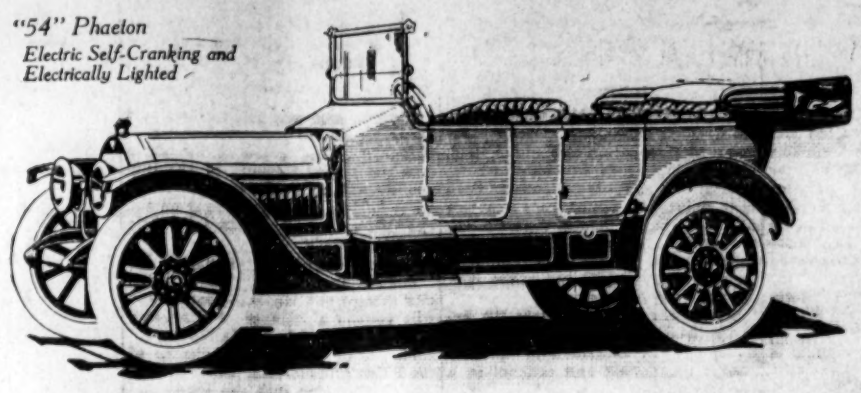
The World's Largest Builders of Six-Cylinder Automobiles

"54" Phaeton
Electric Self-Cranking and Electrically Lighted



These Only Are the Cars You Should Buy

While there are approximately 250 different makes of automobiles on the American market, it is not so difficult to choose a car that will prove satisfactory. Your neighbors tell you of their experiences. The dealers speak in highest terms of the cars they sell. You are appealed to from practically every angle to consider the advisability of this car and that car.

In all this there is apt to be much confusion as to what car can really be trusted. Just bear these facts in mind in considering each car. It will save you much worry.

Consider the Importance of the Dealer

The choice of *which* car is, of course, important. What it has done, who builds it, the manufacturer's position in the industry and the character of the car itself is not difficult to ascertain.

You probably have a pretty definite idea now as to *which* car.

Have you considered just how the dealer is to be figured in the transaction?

He is the point of contact between you and the maker, your relation with him is bound to be more or less personal.

The finest product of the best builders can not be as satisfactory a car for you to own, if its dealer does not display the spirit of interest after you have bought, as it would were the dealer all that he should be. From those who have had dealings with him you can get a pretty accurate line on the dealer.

All who buy HUDSON cars of us have our interest so long as they own a HUDSON. We are more interested in the performance of the car after it is sold, than in the sale itself.

That policy is established by the Hudson Motor Car Co. We thoroughly subscribe to its principles.

And Why a "54" HUDSON

Motorists who know see in it the qualities which only Howard E. Coffin and his associates—48 all told—were able to build into it.

They have not produced a Six by merely adding two cylinders to a good Four. A good Six can't be built that way.

These 48 specialists, experienced in all the details of motor car building, trained in 97 European and American factories, started out to build a Six without being hampered by old manufacturing equipment and old ideals.

Their reputation is staked on the "54" HUDSON.

That is a sufficient guarantee for most buyers.

HUDSONS don't disappoint.

The "54" HUDSON has electric lights. It is electrically self-cranked. The famous Delco system, patented, is used. Every motor car luxury is included, speedometer, clock, top, curtains, rain-vision windshield, demountable rims, twelve-inch upholstery, etc. Equipped with a five-passenger Phaeton body or a two-passenger Roadster the price is $2450. With a seven-passenger Touring body, $2600, f. o. b. Detroit.

At $1875 you can obtain the HUDSON "37."

It too, was designed by the same engineers that built the "54." Experts point to it as being the "Four-cylinder masterpiece."

See the Triangle on the Radiator

H. L. FENNELL, NO. 114 NORTH SECOND STREET.

HEALTH BUDGET AGAIN TODAY

(Continued from Page Five.)

street; Joseph Hall, 18 South 12th street. Two or three applications were refused.

Councilman Merritt reported that complaint had been made of crowds congregating, especially on Sundays, around the drug store at Eighth and Castle streets.

Councilman Loughlin, who is in charge of the Department of Public Affairs, which includes the supervision of the markets, stated that the old Council left a legacy in the way of an unscreened market house on Front street, and asked that the present Council make some arrangements about providing the screens, which will be done.

A communication was received from Pruden & Battle, map makers, asking the city to purchase 20 maps at $10 a piece that the firm is to make of the city and environs. The county has given an order for a number of maps and so have a large number of real estate men, bankers, merchants and business men. Action by the city will be taken later.

Councilman Chadwick said that he understood the claim of the Co-operative Market Company with regard to market license tax, had been withdrawn. This matter was referred to Councilman Chadwick at the last meeting.

Joseph Horowitz was granted license to do a junk business at No. 109 South Water street, subject to compliance with the requirements of the ordinances as to filing proper bond.

The trustees of the Public Library advised the Council that insurance to the amount of $5,000 had been placed upon books and furniture in the library and submitted approved bills for the premiums, which were ordered paid by the Council.

The trustees also reported the election of Miss Elise Emerson as librarian at a salary of $50 a month; Miss Alice LeGrand as day assistant, $30 a month; Miss Meta LeGrand as night assistant at $15 a month. The salaries were approved by Council. The communication stated also that the library is kept open every day except Sundays and some holidays from 10 A. M. to 9:30 P. M. It was stated also that there were 6,664 books in the library April 1st, 1913, all of which had to be assorted, classified, numbered and catalogued. The total number of books circulated or loaned for the year ending April 1st, 1913, was stated to have been 20,631. The daily average visitors for the year was given at 200.

The Council adjourned shortly after 10 o'clock, after having been in session just one hour.

Special Meeting.

At noon a special meeting was held with all the members present. It was called by Mayor Moore to take immediate action with reference to the building on the northwest corner of Second and Market streets, mentioned at the regular session as being in a dangerous condition. Mayor Moore, the chief of police and the chief of the fire department visited the building right after the regular meeting of Council and were convinced that it is dangerous and all recommended that it be condemned. The following resolution, signed by all members of Council, was unanimously adopted, the city clerk and treasurer being instructed to serve copies of the same on the agents and the owners of the property:

"Resolved, by the Council of the City of Wilmington:

"1. That the building on the northwest corner of Second and Market streets in said city be condemned and the same is hereby ordered to be removed within five days from the date of the passage of this resolution. As said building has been inspected and a survey of the same has been made by the Mayor, chief of police and building inspector of said city, and condemned as required by law. The said building in its present condition being a menace to life and property, and if allowed to stand will endanger the lives of the citizens of this community.

"2. That the building inspector be authorized and directed to placard the same as required by law.

"3. That a copy of this resolution be served upon the owners and agents of said property."

Report was made to the meeting by Chief Schnibben that the building had already started to crack and bulge on the Market street side and that with the continuation of the demolition of the old Bonitz building next west that the structure would be further weakened. The building on the corner is occupied by Mr. J. W. Batson, who conducts the Palace Market. The property is in charge of Prof. Washington Catlett, who represents the heirs. If those in charge of the property do not start within the five days limit to tear down the building the work will be undertaken by the city unless stopped by an injunction. Chief Schnibben said yesterday that the building on the southwest corner of Second and Market streets would be torn away by the owners, the Wessell heirs, about the 1st of June and a handsome new building erected in its stead.

"TIGHTNESS" OF MONEY

Banks Husbanding Their Resources But Loans Are Taken Care Of

A gentleman well versed in financial affairs tells a Star man that the stringency in the money market continues, and while this will not be news to many who suffer from a chronic stringency of the variety in question, it is nevertheless interesting from a National standpoint.

The weightiest reason given for the situation is that the business world is marking time until tariff legislation is completed. It is reiterated that it is not so much a question as to a reduction in duties as it is a speedy settlement of the matter. Capital can't stand suspense, it is said, and always wants to know what is what, and right away at that. Then the possibility of a war with Japan has had some influence on the financial situation, while the prolonged war in the Balkans has affected world finances.

Banks, The Star man was told, are husbanding their resources, and while they have plenty of money, they are very conservative in their loans, confining their activities in this respect to customers of Class No. 1. These have been able to secure loans with usual ease.

Sec. Branch Re-elected

At a meeting of the executive committee of the Chamber of Commerce yesterday, Secretary Howard B. Branch was re-elected to the position he has so well filled for the past two years.

LOCAL DOTS.

—License was issued yesterday for the marriage of Mr. B. B. Harrelson, son of Mrs. Julia Harrelson, of Dillon, S. C., and Miss Bessie Millis, daughter of Mr. and Mrs. Geo. W. Millis, of this city. It was announced that the ceremony would take place at 8 o'clock last night at the home of the bride's parents.

—An alarm from box 55, Eighth and Dawson streets, was sent in yesterday afternoon, but the fire was nothing more serious than a chimney burning out. Chief Schnibben prefers that alarms of this character be 'phoned in, and holds that when flames issue from a chimney, they are coming out at the proper place for them to come out.

—Justice Harriss, on charge of assault, heard Lina, Margaret and Annie Hennington and Liza Sessions, colored, yesterday, and held Annie Hennington for trial Saturday at 5 P. M. The others submitted and judgment was suspended. Justice Harriss also tried Joe Williams, colored, on charge of disposing of mortgaged property and of stealing a bicycle, and sent him to the Recorder's court.

—Yesterday's Charleston News and Courier: "The Armistead-Rogers Company, Inc., is confident that its Charleston branch will soon be an active and live concern. This company recently took over L. F. Cotter & So., Inc. Edward N. Fuller is secretary of the company, which is a merchandise broker and manufacturers' agent, the head office being in Norfolk and the warehouses in Wilmington, N. C., and Charleston."

KENNEDY AND BRINDLE HELD

Alleged That They Received Too Much Whiskey This Month

Ross Kennedy and Gus Brindle were sent to the Recorder's court yesterday afternoon by Justice Harriss on warrants charging them with having violated the law limiting the quantity of whiskey one can receive in a month. Kennedy was held in the sum of $200 and Brindle in the sum of $100. Justice Harriss did not go any further into the question of how much whiskey each had received, than that they had shipped to them more than five gallons in this month; but it is alleged that each received somewhere between 15 and 20 gallons since May 1st. The law prohibits more than five gallons in four weeks, and the burden is on the defendant to prove that he hasn't sold any, when he gets more than five.

Large Number of Positions To Be Filled

Teachers in one-room schools and principals and teachers in two-room schools will receive $35.00 to $60.00 per month. High School teachers and principals of three-room schools, $40.00 to $75.00 per month. Term, six to nine months. Write at once to Supt. Zebulon Judd, Raleigh, N. C., for application blanks.

Financial and Commercial

COTTON MARKET WAS STEADY

Little Change Noted in Generally Favorable Average of Crop and Weather News—Close Was Steady at Net Advance

New York, May 21.—While there was little or no apparent change in the generally favorable average or crop and weather news, the cotton market made a steadier showing today and closed steady, at a net advance of from 5 to 7 points.

The market opened steady, at an advance of 3 to 5 points in response to better cables than expected, but there seemed to be a good many overnight selling orders around the ring which were attributed to the influence of yesterday's break, and prices eased off 2 or 3 points right after the call. Prospects for further showers in the Eastern belt, which is still said to be dry in sections of the Carolinas and Georgia, were considered favorable and little attention was paid suggestions of too much rain in parts of the Western belt, but the market soon steadied up again on foreign trade buying and covering by Wall Street of up-town shorts. July was reported to be rather easier to buy than recently and sold only 6 or 7 points above the closing figures of yesterday. Some of the July sellers, however, appeared to be buying new crop positions, suggesting the unloading of old straddles and the late deliveries showed net gains of from 8 to 9 points during the early afternoon. Around 11.66 for the active Summer months and 11.12 for October offerings became somewhat heavier and prices sagged off 4 or 5 points from the best, but in spite of a parent dullness, buyers were not lacking when the cotton appeared for sale, and it was noted that one broker found it possible to dispose of 10,000 bales of December, within a range of 3 points.

Closing prices were within a point or two of the best. Private cables reported a quiet and steady market in Liverpool, while houses with both Liverpool and continental connections were among the buyers around the local ring.

Spot cotton closed steady. Middling uplands, 12.00; do. gulf, 12.25. Sales, 2,000 bales.

Futures closed steady.

Savannah, May 21.—Turpentine, firm, at 36⅝; sales, 1,268; receipts, 1,648; shipments, 343; stocks, 20,102.

Rosin—Firm. Sales, 99; receipts, 3,031; shipments, 6,50; stocks, 71,567. Quote: A, B, 4.55; C, D, 4.60; E, 4.65; F, 4.70; G, 4.75; H, 4.80; I, 4.90; K, 5.20; M, 5.65; N, 6.35; W G, 6.70; W W, 6.85.

DRY GOODS MARKET.

New York, May 21.—Cotton goods markets are steady, with trading in grey goods fairly active. Worsted yarns have been reduced 5c. per pound by some large spinners. Men's wear, light weight fabrics, are being sold at low prices to reduce all stocks of fancy worsteds. Knit goods manufactures are slow about opening their Spring lines on account of uncertainty on tariff readjustment.

FIRE DESTROYS MILL.

Charlotte Plant Worth $30,000 Burned—No Insurance.

Charlotte, N. C., May 21.—Fire which originated in one of the machines, and owing to the inflammable material, quickly spread to all parts of the building, destroyed the yarn mill of George A. Howell here this afternoon, causing an estimated loss of $30,000. Owing to the high rate no insurance was carried on the machinery and equipment and a very small amount on the building. This is the second time this mill has been destroyed by fire in less than two years.

C. H. Fore & Co., are showing lots of new goods this week.

WHEAT DEVELOPS STRENGTH

Unfavorable Crop Reports Received From Oklahoma and Kansas—Closing Prices Bouyant—More Life in Trading

Chicago, May 21.—More life and strength developed in the wheat market today than any previous time for weeks. The chief reason was the receipt of unfavorable crop reports from Oklahoma, and from Southern and Western Kansas. Closing prices were buoyant, ⅞@1c. to 1½c. over last night.

Corn made a net gain of ¼ to ⅝@⅝c.

Oats in the end were up ⅝ to ⅞@1c. and provisions at a decline of 2½ to 20c.

Cash wheat closed strong, with July 90⅝; a net rise of 1½.

Corn followed wheat, closing steady ⅝ net higher for July, at 57.

Wheat—May, 92; July, 90⅝; September, 89⅜@89½; December, 91¼.

Corn—May, 56⅞; July, 57; September, 57⅝; December, 55½.

Oats—May, 37½; July, 37½; September, 36¾; December, 37⅝.

Pork—May, 19.70; July, 19.70; September, 19.40.

Lard—May, 11.02½; July, 11.00; September, 11.05.

Ribs—July, 11.27½; September, 11.30.

SMALL GAINS IN STOCKS LOST

Market Leaders Moved Within Range of a Point or Less Yesterday—Bull Movement Attempted

New York, May 21.—Union Pacific, Reading and Steel, the stock market leaders, moved within a range of a point or less today. Traders sought in the early session to inaugurate a bull movement on the strength of the flotation of the New York City and Chinese bond issues.

While the cables reported some improvement, in sentiment abroad on account of the heavy over-subscription of the Chinese loans, and London bought stocks in this market, there was no corresponding change of feeling here. Efforts to put up the market were made short by the decline in New York City bonds below the average price of 100.159, obtained by the city, heavy sales being made at 100 and a few at 99¾. Small gains in stocks were lost, and the day came to a close with most of the prominent shares under yesterday's final prices.

The need of new financing by railroads and other corporations is heavier than for many years past.

An unfavorable feature of the day's trading was renewed liquidation in certain quarters of the list. The petroleum shares were especially heavy. Pressure was again applied to the St. Louis and San Francisco bonds. The 5s broke nearly five points to 67¼, selling lower than the 4s.

The bond market was under pressure.

Total sales, par value, were $3,325,000, of which $1,500,000 was New York city bonds. United States bonds were unchanged on call.

Total sales were 159,100 shares.

Funeral of Young Geo. Meadows.

The funeral services of George S. Meadows, eight-year-old son of Mr. and Mrs. Alonzo B. Meadows, was held yesterday afternoon at 2 o'clock from the home, and interment was in Oak Grove. Rev. J. P. King conducted the services. The lad died of typhoid-penumonia. His bereaved parents have the deep sympathy of many friends.

ELECTION NOTICE.

FOR BONDS FOR ROADS and BRIDGES

The Board of Commissioners of New Hanover County in accordance with the provisions of an Act of the General Assembly of North Carolina, passed at its 1913 session, entitled "An Act to empower the Board of Commissioners of New Hanover County to issue bonds for road improvement and to construct bridges," and by virtue of the power therein given, do hereby call and give notice of an election to be held by the qualified voters of New Hanover County on Tuesday, May 27th, 1913, between the hours of sunrise and sunset, to determine whether New Hanover County, North Carolina, shall issue $100,000.00 of its bonds, with interest coupons attached, to continue and complete the repairing, construction and improving the public roads and bridges in said County.

At this election the ballots tendered and cast by the qualified electors shall have written or printed upon them "For continuing and completing the construction and improvement of the public roads and bridges of the County," or "Against continuing and completing the construction and improvement of the public roads and bridges of the County."

All qualified electors who favor the issue of said bonds shall vote for "For continuing and completing the construction and improvement of the public roads and bridges of the County," and all qualified electors who are opposed to the issue of said bonds shall vote "Against continuing and completing the construction and improvement of the public roads and bridges of the County."

For the purpose of this election, as authorized by the said Act, the said Board of Commissioners have ordered, and do hereby order, a new registration for said election, and the following are designated as the polling places in the several townships, precincts and wards, and the persons hereinafter named have been appointed as the Registrars and Judges of Election in the said several townships, precincts and wards.

Cape Fear Township—Polling place, Ritter's blacksmith shop, Castle Hayne road; Registrar, W. H. Shearin; Judges of Election, W. S. Cooper and E. Kerr.

Harnett Township—Delgado, Barber shop, Delgado Mills; Registrar, F. C. Branch; Judges of Election, W. G. James and H. C. Blake.

Harnett Township — Seven-Mile Post; Polling place, Township house; Registrar, George T. Shepard; Judges of Election, Gerrit Walker and C. H. Alexander.

Harnett Township—Sea Gate—Polling place, Rogers' store, Sea Gate station; Registrar, Rev. A. C. Chalin; Judges of Election, G. W. Westbrook and Z. A. Sneeden.

Masonboro Township—Polling place, Piner's store, Whiskey Creek; Registrar, J. A. Farrow; Judges of Election, C. W. Bishop and J. A. Hines.

Federal Point Township—Polling place, T. J. Barnett's farm; Registrar, T. J. Barnett; Judges of Election, John A. Biddle and H. B. Williams.

Wilmington Township—First ward, Precinct No. 1—Polling place, Barding store, No. 818 No. 4th st.; Registrar, W. H. Bardin; Judges of Election, W. H. Cox and W. McD. Evans.

Wilmington Township—First ward, Precinct No. 2—Polling place, Engine house, 4th and Campbell sts.; Registrar, George W. Branch; Judges of Election, W. H. Howe and William Sheehan, Sr.

Wilmington Township — Second ward — polling place, Court house; Registrar, J. N. Fennell. Judges of Election, T. E. Sprunt and W. J. Meredith.

Wilmington Township — Third ward — Polling place, Gilbelm Lodge, 8th and Princess; Registrar, A. G. Hankins; Judges of Election, Brooke French and John Hall.

Wilmington Township — Fourth ward — Polling place, Oldham's old store, Dock, between Front and Second streets; Registrar, W. P. Oldham; Judges of Election, W. P. Emerson and J. M. Stevenson.

Wilmington Township—Fifth ward, Precinct No. 1—Polling place, Market house, 5th and Castle sts.; Registrar, I. W. King; Judges of Election, J. J. Loughn and H. K. Nash.

Wilmington Township—Fifth ward, Precinct No. 2—Polling place, Engine house, 6th and Castle sts.; Registrar, G. W. Irving; Judges of Election, W. M. Creasy and D. J. Fergus.

The Registration books of each Township, precinct and ward will be kept open for registration of electors for twenty days preceding the day for closing the registration books, as hereinafter provided, Sundays excepted, between the hours of nine o'clock A. M. and sunset on each day, beginning April 24th, 1913; and said books shall be closed for registration at sunset on the second Saturday before the election, to-wit, May 17th, 1913; and on Saturday, the 26th day of April, 1913, and on the 3rd day of May, 1913, and on the 10th day of May, 1913, and on the 17th day of May, 1913, the Saturdays thereafter, the registrars shall attend with their registration books at the polling places of their respective townships, precincts and wards for the registration of electors.

The registrars will attend the polling places of their respective townships, precincts and wards with the registration books on the Saturday preceding the election, to-wit, May 24th, 1913, from the hour of nine o'clock A. M. till the hour of three o'clock P. M., when and where the said books will be open for the inspection of the electors of said townships, precincts and wards, and any of the said electors shall be allowed to object to the name of any person appearing on said books.

This, the 19th day of April, 1913, by order of the Board of Commissioners of New Hanover County.

M. S. WILLARD, Chairman.
Attest: JOHN HAAR Clerk.

MEETING PLACES FOR 1914 CHOSEN

(Continued from Page One.)

ern Assembly will select its 1914 meeting place Friday.

Foreign Missions.

A description of conditions of immorality and ignorance in the Japanese Empire was submitted to the Southern Assembly by Rev. S. M. Ericson, missionary. Rev. D. W. Richardson made a similar report regarding China. Dr. A. M. Frazer, Staunton, Va., chairman of the committee on Foreign Missions, reported that beginning with a deficit of $104,568, the committee had received contributions of $631,069 and now has $7,577 in the treasury. The consideration of withdrawal from the Federal Council of Churches of Christ in America, was postponed.

Foreign missions occupied the attention of the Pan-Presbyterian Pentecost at tonight's general session. Rev. A. J. Brown, New York, delivered an address on the subject of the "Far East." Dr. James I. Vance, Nashville, Tenn., spoke of "Africa", and America's obligation to that country. Rev. C. R. Watson, Philadelphia, made a strong plea for the enlightenment of the Mohammedans.

As on previous nights, the sessions was preceded by a special musical programme.

POPE IMPROVED.

Cardinal O'Connell Sums Up Impressions Received in Interview.

Rome, May 21.—Cardinal William H. O'Connell, Archbishop of Boston, after a long audience with the Pope today, summed up the impression he had received in a comprehensive sentence:

"The Pope," he said, "seemed like a man who, after a sleep, had awakened fresher, stronger, revitalized."

Cardinal O'Connell was accompanied to the Vatican by Mgr. Michael J. Splaine and Dr. Slatterly, both of Boston, who remained in an antechamber.

Mgr. Sanz De Samper, papal chamberlain, conducted the cardinal to the library where Pope Pius was seated. The cardinal was about to kneel when the Pope stretching out his arm prevented him, saying, "O'Connell! come, come!" Cardinal O'Connell found the Poper rejuvenated, looking in better health, brighter and more energetic than when he last saw him at the end of 1911.

The Pope said he was quite recovered and was feeling perfectly well, although he would continue to take good care in accordance with the advice of his doctors. During the conversation the Pope demonstrated his intimate knowledge of conditions in the United States and displayed great interest in the welfare of the American government. He referred to the recent change in the administration and also to President Wilson. When the Pope learned Cardinal O'Connell was accompanied by two companions, who did not expect the privilege of an audience, the pontiff good naturedly exclaimed: "Nonsense, I shall see them since they are here."

The Americans, however, begged to have the honor deferred as they had not attired themselves in the regulation costume.

The Pope remarked that the costume was immaterial, but he would receive them at another time. He then asked the cardinal to visit him often while in Rome.

INVESTIGATION ASSURED.

Federal Government to Take a Hand in West Virginia.

Washington, May 21.—Federal investigation of the strike of coal miners in the Paint Creek region in West Virginia, was practically assured today when the Senate Education and Labor committee agreed to report tomorrow with amendments to Senator Kern's resolution authorizing an inquiry.

The resolution, re-drafted by a subcommittee, with the understanding that it be laid before the Senate with the endorsement of the other members, would allow a "thorough and complete" inquiry into conditions in the Paint Creek region preceding, during and after the strike. The committee would be authorized to conduct hearings either in Washington or West Virgina and to subpoena witnesses. It would investigate questions of alleged peonage; interference with the mails, violation of immigration laws, violations of the laws for the trial of accused persons; violation of the Sherman act by the coal operators, and the causes that led up to the conditions existing in Paint Creek. The scope of the resolution is so broad that the committee can ask absolutely anything concerning West Virginia miners, operators or mines.

Although the opposition to an investigation is understood not to have given up all hope, the fact that a Senate committee has endorsed the idea so promptly led many Senators to believe tonight that its adoption can only be a question of time.

The inquiry will be undertaken as soon as the resolution is agreed to and it is the hope of Senators interested that a report can be returned to the Senate before the end of the special session.

TAFT IN BOSTON.

Central Figure at Exercises of the Unitarian Anniversary.

Boston, May 21.—Former President William H. Taft was the central figure at today's exercises of the Unitarian Anniversary week.

After he had been honorary president of the laymen's league at its annual meeting in Chaning Hall, he said: "When I ran for President and it became known that I was a Unitarian I was asked by many persons why I did not repudiate the infernal libel. But I am a Unitarian because my grandfather and my father and my mother were Unitarians. The influence of Unitarianism is a spreading influence today."

Before the Lend-a-Hand Society, which today elected him to honorary membership, Mr. Taft spoke briefly in eulogy of the late Rev. Edward Everett Hale, father of the society.

Prof. Taft tonight was toastmaster at the annual Unitarian festival. President Emeritus Charles W. Eliot, of Harvard University, was another speaker.

Pittsburgh, Pa., May 21.—James E. Hitchcock, general agent of the Wells-Fargo Express Company here, committed suicide last night by shooting himself. Mr. Hitchcock and two children are at a sanatarium in Cresson, Pa. Hitchcock left a note in which he said he had decided to "try the sleepy side," and asked that his wife and J. M. Cellvitt, of Cleveland, Ohio, general superintendent of the express company, be notified.

Washington, May 21.—Senator Vardaman and other members of the Mississippi Congressional delegation urged President Wilson today to appoint Edward Watson Governor of the Hawaiian Islands.

ROYAL BAKING POWDER

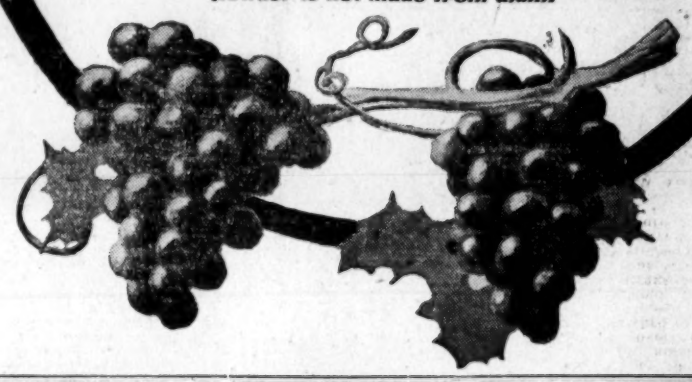
Absolutely Pure

The Only Baking Powder Made from Royal Grape Cream of Tartar.

Safeguards the food against alum

Chemists' tests have shown that a part of the alum from biscuit made with an alum baking powder passes into the stomach, and that digestion is retarded thereby.

Read the label and make sure that your baking powder is not made from alum.



DERRICK FROM TRESTLE.

Machine Fell, Several Hurt—Remains of Conductor—Still.

(Special Star Correspondence.)

Newbern, N. C., May 21.—Edward Watson, a young white man employed as an engineer on a combination pile driver and derrick machine owned by the John L. Roper Lumber Company, was seriously injured yesterday afternoon when the machine fell from a trestle being built over Swift Creek, one and a half miles north of Vanceboro. The Roper Lumber Company is erecting a trestle 60 feet long over this creek and at presnt it is about one-half completed. In its construction a section is erected and the derrick machine is then shunted out on this to continue the work. While hoisting a number of rails yesterday afternoon the machine tripped over and plunged to the creek, a distance of 30 feet. Three men were on it at the time, but two of them escaped without the least injury. Watson is now in a local hospital receiveing treatment for his injuries.

After holding an inquest over the remains of Conductor T. S. Manning, who was run over and killed by one of the Norfolk Southern Railway Company's engines in this city Monday afternoon, the coroner's jury placed the blame for the tragedy on persons unknown to them. An iron bolster, weighing 75 or 80 pounds, was lying in the centre of the track, and this struck the step on which Conductor Manning was standing and bent it downward, thus throwing the occupant off in front of the engine. One of the most pathetic features of the tragedy lies in the fact that a wife and three small children survive the dead man, living in Washington, N. C., and it is understood that they have no means of support, depending entirely upon the salary of the husband and father. The mangled remains were this morning taken to Richards, N. C., the boyhood home of the deceased, for interment.

Robert Edwards, a white man, whose home is in Onslow county, was brought to this city today and placed in the county jail to await a preliminary hearing at the next term of Federal Court on a charge of illicit distilling. Edwards was arrested late Monday afternoon by Revenue Officer Samuel Lilly and was taken before United States Commissioner F. W. Hargett, at Jacksonville for a preliminary hearing. The defendant pleaded guilty and was bound over to court under bond of $200, in default of which he was placed in jail.

THE WRECK AT HINTON.

Landslide from Mountain Caused the Death of Four Persons.

Hinton, W. Va., May 21—The wrecking of a train between Sewell and Landisburg last night caused four deaths and four persons were hurt. Caught by a landslide from the mountains caused by a cloudburst, the train was swept from the tracks and thrown 400 feet down the mountain side. The accident occurred on a narrow guage railroad owned by a Pittsburg lumber and coal company, and not a branch of the Chesapeake & Ohio Railroad, as previously reported.

STRUCK MINE

Liner Senegal Blown Up With 200 People Aboard

Marseilles, May 21.—A private message received here says that the liner Senegal, of the Compagnie Des Messagieres Maritimes, struck a mine as she was leaving Smyrna and was blown up. It is believed that there were 200 people aboard. No confirmation of this dispatch has yet reached the company's office here.

The Senegal was a vessel of 3,625 tons. She was built at LaCiottat in 1872.

Edinburgh, Scotland, May 21.—A bomb exploded in the west dome of the Royal Observatory here early today. The astronomical instruments were badly damaged, but the building itself escaped serious damage. The police declare that militant suffragettes committed the outrage.

A man living at Auburn, New York, had a severe attack of kidney and bladder trouble. Being a working man, not wanting to lose time, nor run up a heavy doctor's bill, he cured himself completely by using Foley Kidney Pills. A year later he says: "It is a pleasure to report that the cure was permanent." He has had no return whatever of the pain, backache and burning. His name is J. A. Farmer, and he says: "Of course I recommend Foley Kidney Pills as a very effective cure for kidney and bladder trouble." Robt. R. Bellamy.

(Advertisement.)

MILITANTS ACTIVE

Cabinet Ministers Fear For Personal Safety—Bombs Exploded

Cardiff, Whales, May 21.—The British cabinet ministers are exposed to such risks of being mauled by militants at public meetings that hereafter they are likely to refuse to attend unless those in charge of the meetings are prepared to guarantee their personal safety.

Because such assurances would not be given him the home Secretary, Rt. Hon. Reginald McKenna, did not appear at the Welsh dis-establishment and Free Church conference this afternoon although he was announced as one of the speakers. It is understood that the authorities learned of a suffragette plot to attack the home secretary at the conference by a method which would not only jeopardize his life but the lives of the delegates as well.

The home secretary, however, addressed a large meeting this evening, a Scotland Yard detective occupying a seat near him on the platform. Elaborate precautions were taken to prevent the admission of suffragettes.

Mr. McKenna concluded his address by warning the militants that their methods would never succeed in frightening or worrying the government into giving the franchise to women.

"By their action," he said, "they can bring but discredit to their cause and punishment upon themselves."

Edinburg, Scotland, May 21.—A bomb exploded in the west dome of the Royal Observatory here early today.

The astronomical instruments were badly deranged, but the building itself escaped serious damage. The police declare that militant suffragettes committed the outrage.

Professor Ralph A. Sampson, Astronomer Royal of Scotland, thinks evidence found points to two women having been engaged in the outrage. He says apparently they hurt themselves. Several pounds of gunpowder must have been exploded as some heavy doors were blown open and much woodwork and glass scattered.

SOUTHERN BAPTIST CONVENTION

Will Enter Social Service Work—Committees Appointed.

St. Louis, May 19.—The Southern Baptist Convention decided before final adjournment this afternoon to enter social service work, and appointed a committee for that purpose which will co-operate with the committee from the Northern Baptist Convention.

The Southern committee includes E. M. Poteat, of Greenville, S. C.; T. B. Ray, Richmond, Va.; J. T. Henderson, Bristol, Va.; A. C. Crea, Atlanta, Ga., and Boyce Watkins and J. N. Prestige, Louisville.

Rev. A. J. Barton, of Dallas, Texas, reported for the temperance committee that the passage of the Webb bill by the National Congress was the greatest victory for temperance in half a century.

The convention favored endowment of a seminary in Louisville to train negro preachers, and appointed a committee to work out details.

At the closing session, William D. Upshaw, the Georgia editor and prohibition leader, introduced a resolution requesting the president of the convention to send a telegram of Christian greeting to the Presbyterian assemblies in Atlanta. The resolution was passed with enthusiasm.

KILLING IN JOPLIN.

Local Republican Politician Shot Down by a Miner.

Joplin, Mo., May 21.—John Thralls, a miner, shot and killed Edward Skelton, a local Republican politician and former city councilman in the latter's store here. Later a mob of several hundred men formed and threatened to lynch Thralls. Thralls charged Skelton with being attentive to Mrs. Thralls, who was divorced from her husband three years ago.

THEATRICAL MAN ARRESTED

Charged With Threatening Violence on Account of Legal Squabble

London, May 17.—J. Salter Hansen, the American theatrical manager who is engaged in a legal scuabble with Arthur Bourchier, concerning the production of Henri DeRothchild's play, "Croesus," at the Garrick, was arrested tonight. He is charged with having threatened Mr. Bourchier with violence and the object of his arrest, it is said, is to force him to find sureties to keep the peace.

C. H. Fore & Co., are showing a beautiful assortment of silk crepes. (Advertisement.)

ROYAL NUPTIAL EVENTS

Crowned Heads Gather for Wedding, Emperor William's Daughter

Berlin, May 21.—True "Hohenzollern weather"—brilliant sunshine and cloudless skies—has set in for the wedding festivities of Princess Victoria Luise, daughter of the German Emperor and Empress, and Prince Ernest August of Cumberland, which takes place on Saturday.

The official reception started this morning with the arrival here of the bridegroom and the state entry into Berlin of King George and Queen Mary of England.

There was no ceremony to greet Prince Ernest August when he reached the station at 8:25. He drove at once in an automobile to the castle, where he took breakfast with his bride-to-be before returning to the station to meet the British royalties.

At the station awaiting the arrival of the royal train were Emperor William and Crown Prince Frederick William, in the uniforms of their British regiments, together with the Empress and the Crown Princess. All the royal personages and Princes assembled in Berlin and a mass of brilliantly uniformed naval officers and ministers and court funtionaries surrounded them.

King George and Queen Mary when they alighted from the train were greeted with the customary cordial embraces by the Emperor and Empress and the other members of the Imperial family. King George and Emperor William then jointly passed in review of the guard of honor drawn up on the platform. This completed, the two monarchs together and the Queen and Empress side by side, drove in open state carriages through the Avenue of Victory and Unter den Linden to the castle, each carriage escorted by a squadron of cavalry with pennoned lances. The wide thoroughfares were lined with troops of the guard's army corps and behind them all Berlin seemed to have gathered.

The dirigible balloons Zeppelin and Hansa, flying the British colors, accompanied the royal train from Rathenow, about 50 miles away, and hovered over the carriages as they drove toward the castle.

Springfield, Ill., May 21.—The woman suffrage bill granting votes to women was reported favorably to the Illinois House of Representatives today and advanced to second reading. The measure already has passed the Senate.

Wilmington, N. C.

DAVID'S

YOU know how different a piece of cloth looks when it is made up into a suit. It doesn't look like the same goods. Better buy clothes ready-made by

Hart Schaffner & Marx

and know right at the start just how your suit is going to look on you, and then if you are not satisfied you can get your money back.

THE A. DAVID COMPANY
—This Store is the Home of Hart Schaffner & Marx Clothes.

Keep Your Money

IN taking out a Certificate of Deposit at this Bank, you are actually keeping your money and at the same time placing it where it will earn interest. The Certificate of Deposit is better than a check, and is practically as convenient as cash in any business transaction. If lost, it is of no value to the finder, unless endorsed, and in case it is held three months or longer, it earns interest at the rate of 4% per annum.
